

SUBJECT: Reorganization - National Weather Service

TO: National Weather Service Assistant  
Administrator  
Staff Office of the Under Secretary  
Administrative Delivery Points

Effective July 20, 2008, the Central Region Headquarters of the National Weather Service is reorganized as follows: 1) rename the Services Division as the Integrated Services Division, 2) abolish the Hydrological Science Division, 3) rename the Meteorological Science Division as the Scientific Services Division, 4) in the Systems and Facilities Division rename Information Technology to Information Technology Branch and 5) in the Systems and Facilities Division abolish Electronics and rename Facilities, Safety and Environmental Compliance as the Electronics and Facilities Branch.

The organization and related code structures are revised as follows:
