OBJECTIVES – By the end of the day, students should:

- Understand the roles of Grants Online and the Grants Online PMO within the Department of Commerce Grants community
- Understand the underlying structure of the Grants Online system
- Locate basic Grants Online application and award information
- Understand the difference between a Competitive RFA and other types of Universal RFA (previously aggregated using the label “Non-Competitive”)
- Understand the difference between the Certified and Uncertified Federal Program Officer/Program Office Staff roles
- Create and route a Universal RFA
- Create a Competitive RFA and route documents for publication
- Understand the Competition Manager and Selection Official functions in the Competitive RFA workflow
- Input a paper application and complete the “Review Minimum Requirements” task
- Conduct Negotiations and prepare an Award File for Grants Management review
- Understand the Award File approval and acceptance process
- Know where to find help when needed

Grants Online System Requirements

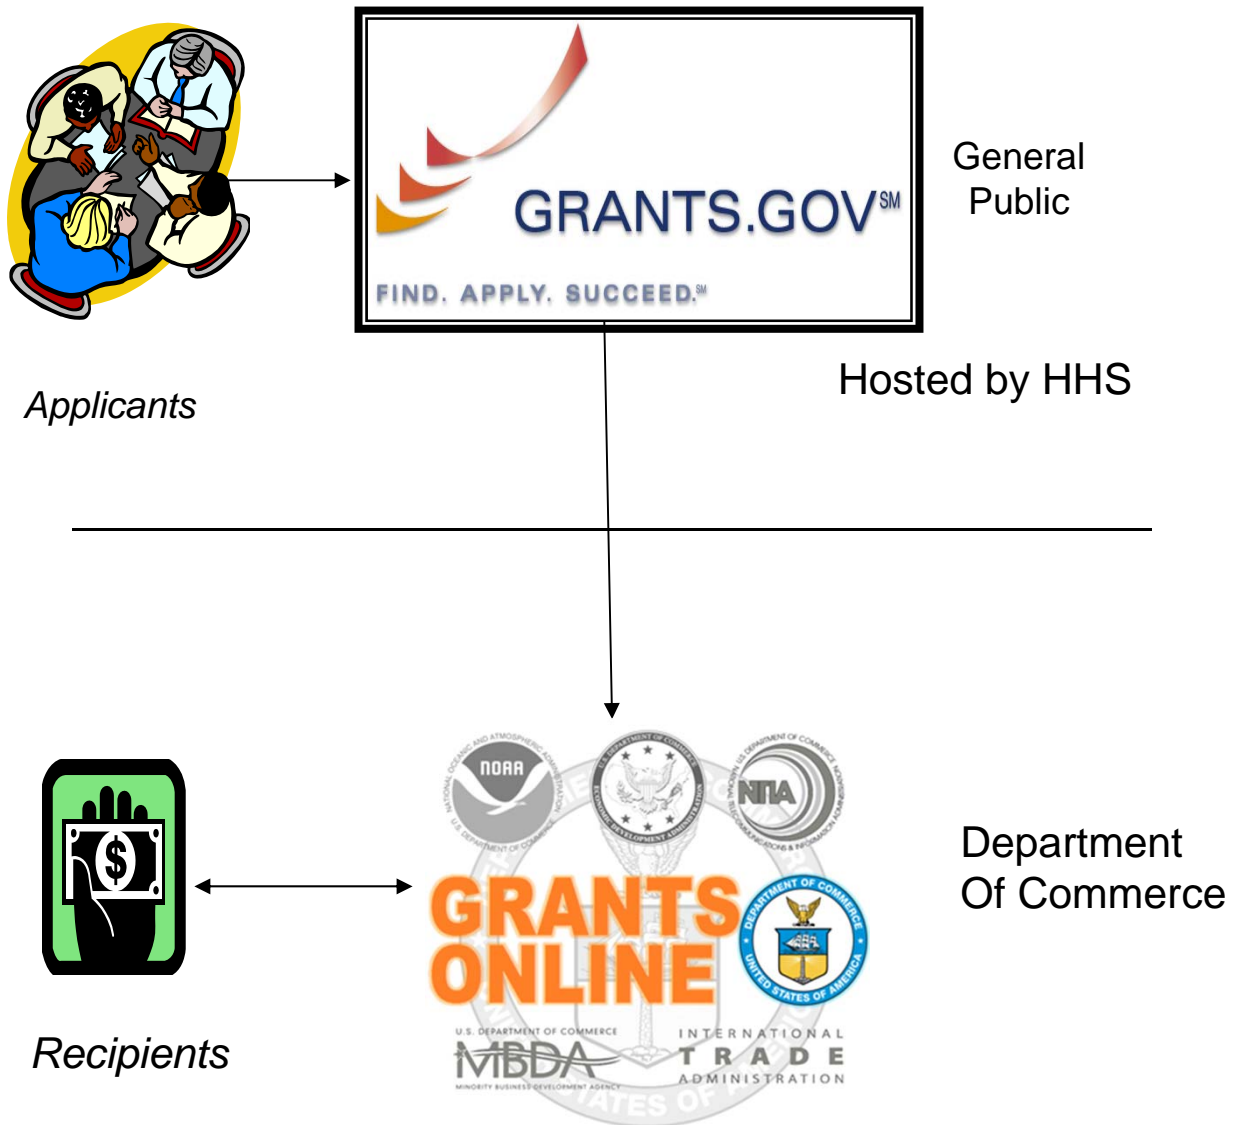

The System

Grants Online operates in a web environment and is accessible anywhere and anytime the user has Internet access. There is not a need for the user to install any special software on his/her computer. However, each user must register and obtain a unique login id and password from the appropriate official at his/her agency.

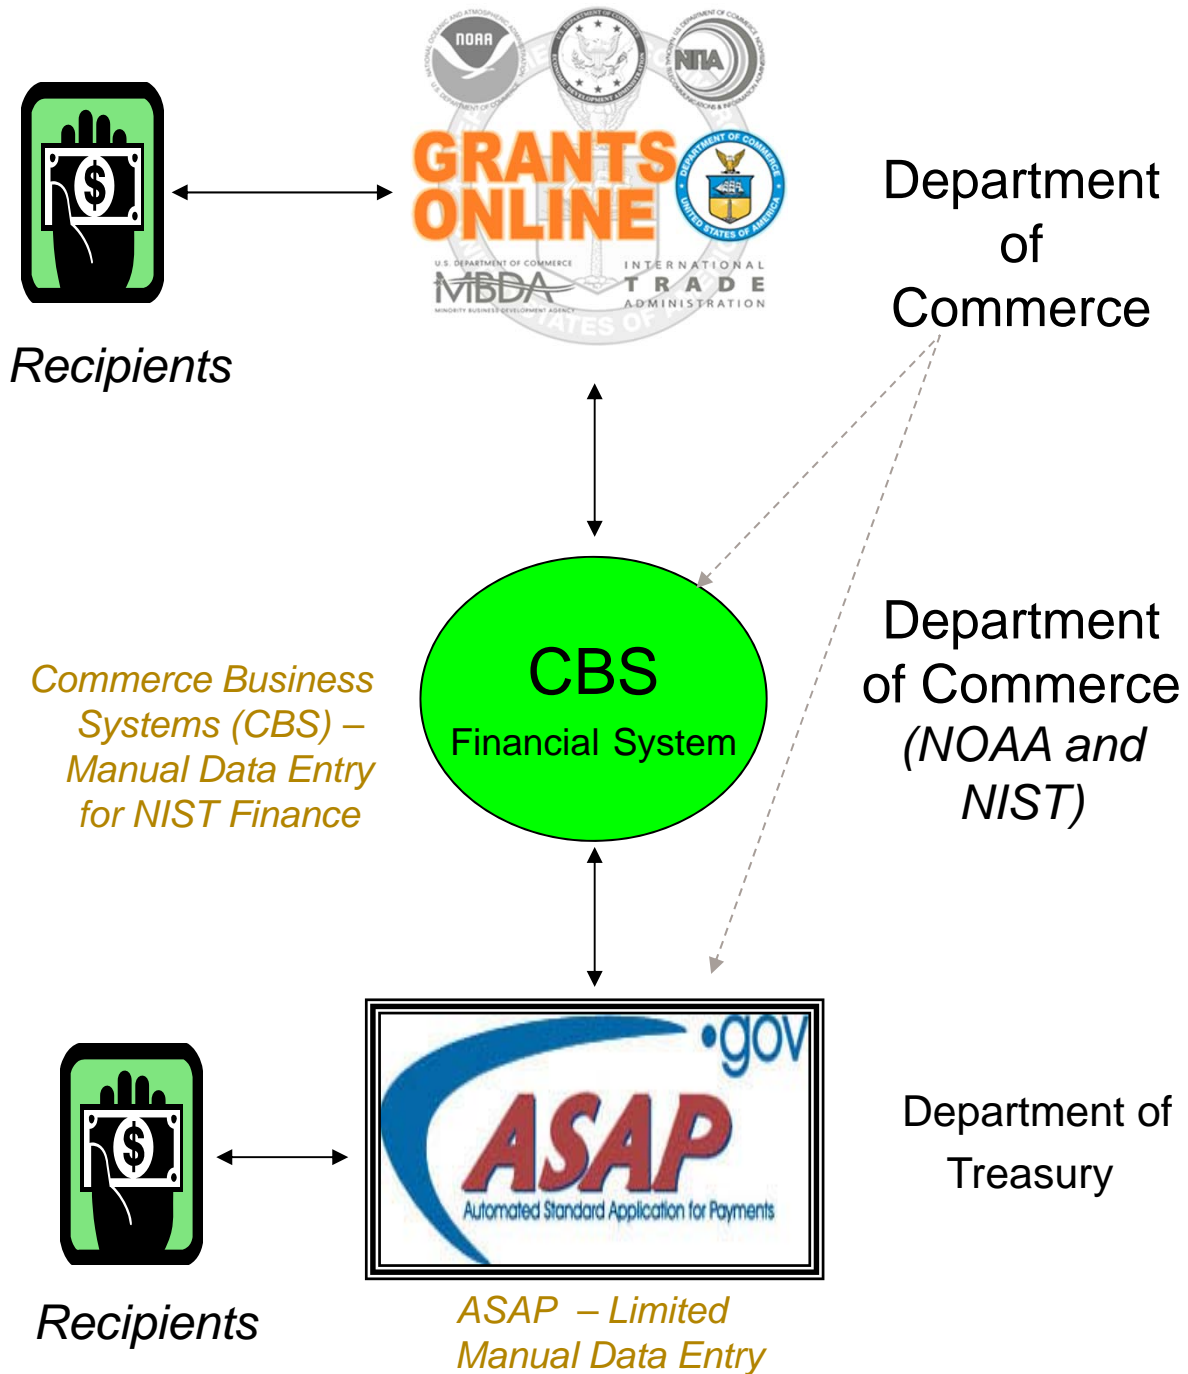

Recommended Internet Browsers:

- Windows – Internet Explorer 8 or higher
 - Attachments are supported in IE 11, after the settings are updated. For step-by-step instructions, please reference the following document:
<http://www.corporateservices.noaa.gov/grantsonline/pdfs/IE%20Compatibility%20View%20Fix.pdf>
- Mac – Safari 3.1 or higher
- Windows or Mac – Firefox 2.0 or higher
- Google Chrome

Grants Online Helpful Hints

- **DO NOT** use the browser's “Back” button.

- On the Home Page, click the “Forgot your username?” link to locate the Help Desk phone number.

Grants Online Helpful Hints (continued)

- After clicking “Save and Start Workflow” always go to the Inbox – Tasks for the next action. If you do not see the new task, click “Tasks” in the left navigation pane to refresh the page. *To prevent unaddressed Tasks from remaining in the Inbox, always click the Tasks link prior to logging out.*

The screenshot shows the Grants Online interface. The top navigation bar includes links for 'Inbox', 'RFA', 'Application', 'Awards', 'Account Management', 'Reports', and 'Help'. The 'Inbox' link is highlighted with a red rectangle. Below the navigation bar, the 'Your Tasks' section is visible, showing a list of tasks with columns for Task Id, Task Name, Task Status, Document Type, Document Id, Start Date, Completed Date, and Award Number. The 'Tasks' link in the left navigation pane is also highlighted with a red rectangle.

Underlined column headings indicate that the data underneath can be sorted by that column.

Large File Guidance

As a security measure, there is a 5 minute time limit for the download and upload of files. If the user uploads a file and it takes approximately 5 minutes, the file upload may appear to have been successful. To test the integrity of the uploaded file, download and attempt to open the file. If the file does not open, the file is probably corrupted – the attempt to upload was incomplete and therefore unsuccessful.

Solutions for File Upload Problems

- To determine if the upload process resulted in a corrupted file, download the recently-uploaded file and compare the size of that to the original file.
- If most of the file uploaded before failing (indicated by a slight variation in the size of the two files), attempt to upload the file when there is less Internet traffic.
- Use a faster Internet connection and try the upload process again.
- Reduce the file size:
 - Split the file into multiple parts and upload as Filename - Part 1, Filename - Part 2, etc.
 - Zip the file.
 - If the file is a PDF and Adobe Acrobat Professional or equivalent software is available; with the file open, from the File Menu, select Save as Other. From the subsequent dropdown menu, select Reduced Size PDF.
- Options for recipients attempting to upload Progress Reports:
 - Contact your Program Officer for acceptable options to upload the file (e.g., burn the document to a CD and mail to your Program Officer).
- Options for Federal personnel:
 - Contact the Help Desk to determine what additional solutions are available.

Solutions for File Download Problems

- Download speeds are typically an order of magnitude faster than upload speeds; therefore, there should be fewer file download problems.
- Wait to download the file when there is less Internet traffic.
- Use a faster Internet connection to perform the download.
- Contact the Help Desk to determine what additional solutions are available.

Grants Online User Role Definitions

ROLE NAME	DEFINITION
ASAP Authorizer	This role is given to the users who are responsible for the first step (ASAP Authorization) of the 2-step process used in setting up a new award in the ASAP System or adding funds to a current ASAP award. The second step is ASAP Certification performed by a user with a role of "Finance Office". The ASAP Authorizer is also responsible for releasing ASAP profiles as appropriate and reducing ASAP thresholds in the case of a reduction in funding.
Budget Officer (Procurement Request Authorizing Official)	The "Budget Officer" role in Grants Online is given to users who are actually Procurement Request Authorizing Officials. The person with this role checks availability of funds for the award and provides final approval for the Procurement Request (CD-435) of those funds as well as validation of the ACCS codes if not already done. This role has an accompanying threshold amount which the system uses to verify authorization to approve the use of Program Office funds.
CAMS First Approver CAMS Second Approver CAMS First and Second Approver	These roles are given to users responsible for entering grant obligations into the instance of the Department of Commerce's CBS that tracks financial actions for that particular Bureau. The business process is slightly different at different bureaus so the various roles reflect these differences.
CAMS First Approver - D CAMS Second Approver - D CAMS First and Second Approver - D	These roles are given to users responsible for entering grant de-obligations into the instance of the Department of Commerce's CBS that tracks financial actions for that particular Bureau. The business process is slightly different at different bureaus so the various roles reflect these differences.
CESU Manager (NOAA Only)	This role provides oversight for CESU (Cooperative Ecosystem Studies Units) Awards.
Commit1 Commit2	These roles are given to users responsible for entering grant commitments (reservation of funds) into the instance of the Department of Commerce's CBS that tracks financial actions for that particular Bureau. The business process is slightly different at different bureaus so the various roles reflect these differences.
Credit Checker	This role is given to the user within a particular Bureau who is responsible for requesting credit checks as needed during the preparation of an award file for Grants Officer signature.
Director (EDA Only)	This role is unique to EDA and is given to the user who has Director-level approval authority on award actions and payments.
FALD	This role is given to users in the Department's Financial Assistance Law Division who are assigned to a particular Bureau. For some Bureaus there are Bureau-level instead of Department-level attorneys given this role.
Federal Program Officer - Certified	This role is given to a user who is responsible for the development of funding announcements, application reviews, and the processing of award and post-award recommendations to be sent to Grants Management. Within Grants Online, only FPOs who are Certified can communicate between their own Program Offices and outside entities such as FALD, Grants Management, and Recipients. For instance, an Uncertified FPO cannot "Certify" a PO Checklist or forward an Award File to Grants Management. Persons given this role are assumed to have obtained a certain level of training in the Grants Management arena.
Federal Program Officer - Uncertified	This role is intended for persons who are on track to become Certified Federal Program Officers but have not yet obtained the necessary credentials required by their Line Office. They may assist with all tasks normally done by a Certified Federal Program Officer, but cannot forward any documents to entities outside of their own Program Office. The documents must be reassigned to a Certified Federal Program Officer for that purpose.
Finance Office	This role is given to the users who are responsible for the second step (ASAP Certification) of the 2-step process used in setting up a new award in the ASAP System or adding funds to a current ASAP award. The first step is ASAP Authorization.

Grants Online User Role Definitions

Finance Reviewer	This role is given to users who perform the preliminary Finance Office review of Financial Closeout documents. Workflow routing of tasks to this user is controlled by the "Reconciliation" checkbox on the deobligation memo.
GMAC (Grants Management Advisory Committee)	This role is reserved for the official members of the NOAA Grants Management Advisory Committee and their designated back-ups, along with the points of contact for the non-NOAA Bureaus. There are usually one or two GMAC users within each Line Office. The users with this role are responsible for authorizing the addition, update, or removal of Grants Online users within their respective Line Offices. They also provide input in prioritizing Grants Online system enhancement tickets.
Grants Officer	This role is reserved for Grants Management personnel who have been given authority to make award offers to recipients on behalf of DOC. They also make the final decisions with regard to approval or denial of Award Action Requests. This role is accompanied by a system enforced approval threshold for funding.
Grants Specialist	This role is given to Grants Management personnel who have responsibility for administrative processing of award files in preparation for DOC's offer to the recipient. They are also responsible for the review of Financial Reports and Award Action Request recommendations from the Program Offices.
Lead Budget Officer	The Lead Budget Officer has the responsibility of maintaining all of the Unique Account Descriptor codes in the Grants Online system for a particular Line Office.
NEPA Official/Coordinator	The NEPA Official reviews and approves the NEPA documentation as part of an Award File prior to submission to Grants Management.
NEPA Reviewer	The NEPA Reviewer provides an additional review of the NEPA documentation as part of an Award File prior to submission to Grants Management.
OLA	This role is given to a proxy Grants Online user account used to document the Bureau-level Legislative Affairs step in a funded award file workflow. When a task is routed to the OLA user, Grants Online sends a record to the Legislative Affairs system called WebDocFlow. A Grants Online notification is also sent to the email address associated with that proxy user account. Legislative Affairs users then log into the WebDocFlow system to complete appropriate actions related to congressional notification of awards. When their actions are completed in WebDocFlow a message is passed back to Grants Online to move the award to the next step of the workflow.
OLIA	This role is given to a proxy Grants Online user account used to document the Department-level Legislative Affairs step in a funded award file workflow. When a task is routed from the OLA user to the OLIA user within WebDocFlow, a message is transmitted to Grants Online which correspondingly moves the workflow in Grants Online to the OLIA step. A Grants Online notification is also sent to the email address associated with the OLIA proxy user account. When the OLIA actions are completed in WebDocFlow a message is passed back to Grants Online to move the award to the next step of the workflow.
Program Office Requestor	The role of Program Office Requestor is given to a user whose only function is to provide first-level "Requestor" approval on Procurement Requests (CD-435) prior to submission to the Budget Officer.
Program Office Reviewer	This role is usually given to a person who needs to be included in the workflow to review a Request For Application (RFA), a Procurement Request, or a Performance Progress Report (PPR) but has no other role in Grants Online.
Program Office Staff	This role is given to users who provide assistance to Federal Program Officers but do not have signature authority. They are able to create RFAs and/or Federal Funding Opportunity notices, input paper applications and approve (but not reject) Minimum Requirement Checklists, run the review process, and complete (but not certify) the PO checklist. Users with this role have the same access in Grants Online as users with the role of Uncertified Federal Program Officer, but are usually contract staff.

Grants Online User Role Definitions

Progress Report Reviewer	This is a Federal Program Office role given to a user whose only responsibility is to review Performance Progress Reports received from the grant recipients. This functionality can also be done by users with other Program Office roles such as Federal Program Officer (Certified or Uncertified), Program Office Staff, and Program Office Reviewer.
Public Affairs Liaison	This role is given to users who need to be notified about grant awards for the purposes of preparing press releases and/or other Public Affairs type activities which are separate and distinct from the Congressional notifications performed by the Legislative Affairs offices.
Recipient Administrator	Users with this role have the permissions needed to set up other people in their organization as users of the Grants Online system and to give them access to specific awards as appropriate.
Recipient Authorized Representative	This role is intended for recipient users with signature authority to sign official grant documents such as an SF-424 (application), or countersign an Award document such as a CD-450 (new Award) or CD-451 (amendment). More than one person can have this role at any organization; however on each Award one person will be designated the primary "Authorized Representative." (Designation as "primary" does not provide any additional access to awards in Grants Online.)
Recipient Business/Finance Representative	This role should be given to recipient users who need to fill out Financial Reports (SF-425 and SF-270). There are two versions of this role - users with a "submitting" role can submit Financial Reports directly to the Federal Agency; users without the "submitting" role can only forward the Financial Reports to their Authorized Representative who can in turn submit them to the Federal Agency.
Recipient Key Personnel	This role can view assigned awards for their organization and initiate Award Action Requests. However, a person with this role must submit documents to his/her organization's Authorized Representative. The Authorized Representative will review and submit documents to the agency.
Recipient Principle Investigator	This role should be given to recipient users who need to fill out Performance Progress Reports (PPRs). There are two versions of this role - users with a "submitting" role can submit PPRs directly to DOC; users without the "submitting" role can only forward the PPRs to their Authorized Representative who can in turn submit them to DOC. Both versions of this role will allow the user to initiate an Award Action Request (AAR) but all AARs must first be forwarded to an Authorized Representative for submission to DOC.
RFA Publisher	This role is given to users who are responsible for posting grant opportunity notices at Grants.gov.
Selecting Official	The role of Selecting Official is given to a user who has the authority to approve the Selection Package generated from applications received in response to a Competitive funding announcement.
Vendor Control	This role is given to Finance Officer users who create and update vendors in CBS to be associated with Grants Online Organizations on an "interfaced" award. Obligations for "interfaced" awards are created and modified via transactions sent via webservices between Grants Online and CBS. For "non-interfaced" awards the obligations are created and updated manually. Vendor Control users do not get workflow in Grants Online for "non-interfaced" awards.
Vendor Validator	This role is given to Tier3 Help Desk personnel in the Grants Online Program Management Office who perform data quality assurance tasks on Grants Online organization records before they are passed to the Vendor Control users in the Finance Office.
View Program Office (Line Office, Agency)	This role is available for Federal staff who need view-only access to Grants Files. The role is available at three different levels: Program Office, Line Office, or Bureau (Agency).

Grants Online Training System Navigation

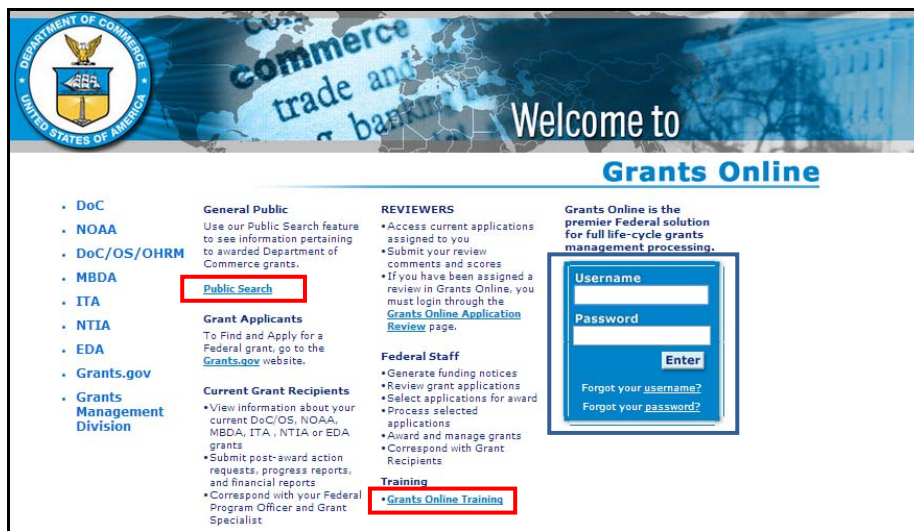

August 2016

Overview

This document provides step-by-step instructions that facilitate the Federal Program Officer's (FPO) navigation of the Grants Online system.

Accessing Grants Online

1. Type <https://grantsonline.rdc.noaa.gov> in the address bar of your browser to launch the Grants Online home page.
2. Before logging into Grants Online, the user can access the public search feature, the Grants Online training page, and other useful links from this screen.

WARNING!

If the user enters his/her username or password incorrectly, s/he will see a red error message on the screen. After three unsuccessful attempts to log in, the system locks the user out of his/her account. The user must click the **"Forgot your password?"** link and provide the correct responses to his/her security questions. If the issue is **"Forgot your username?"** click that link to obtain the Help Desk phone number.

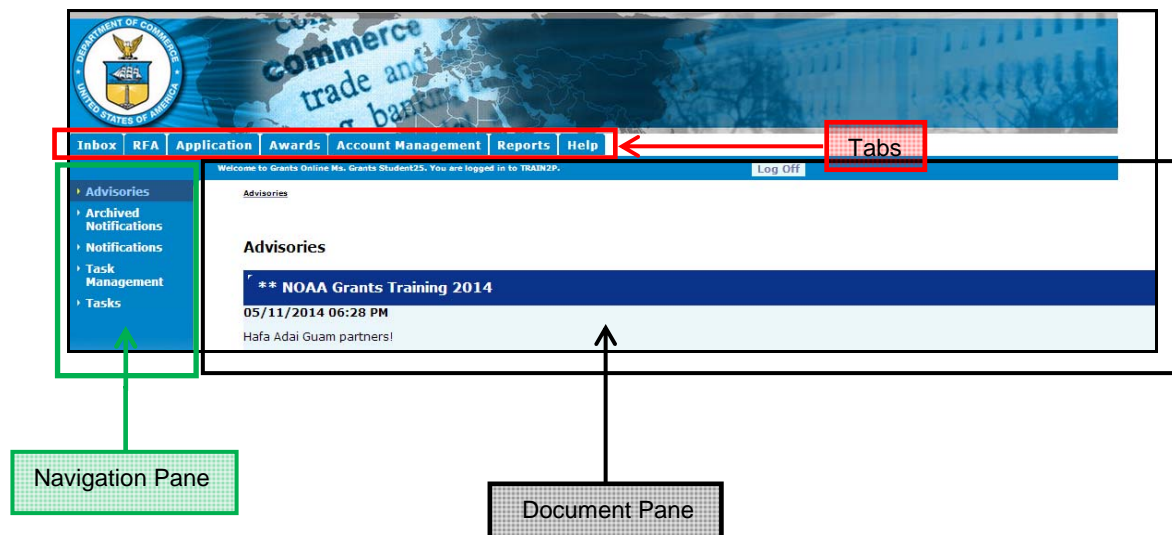

Grants Online Navigation Features

Access to most Grants Online features is determined by the user's role. Each registered user is given a role and level of access sufficient to accomplish his/her assigned tasks.

Screen Layout

When the user has successfully signed into Grants Online, the system will default to the Inbox Tab. Grants Online is divided into several content areas:

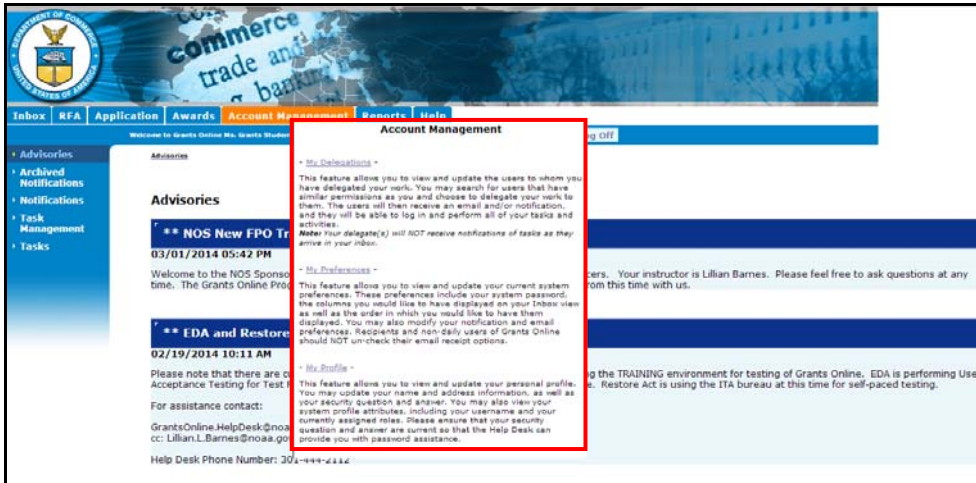

- **Tabs**: Highlighted by a red border at the top of the screen. Use the tabs to navigate to the different areas of Grants Online.
- **Navigation Pane**: Highlighted by a green border on the left-hand side of the screen. The options displayed in the navigation pane are determined by the active tab. Click on the desired link to go to that content area of Grants Online.
- **Document Pane**: Highlighted by a black border located in the middle of the screen. This is where most of the Grants Online details and information are displayed.

User Interface Features

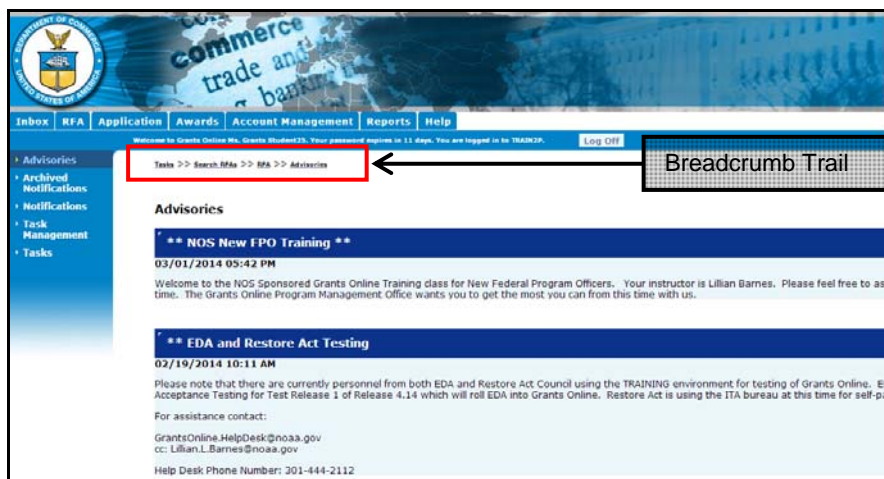

Pop-Up Short Cuts

When the user places the cursor over a tab at the top of the screen, s/he will see a pop-up menu that contains the same links as the left navigation pane for that tab. This allows the user to navigate directly to a content area without first having to click the tab.

Breadcrumbs

The Grants Online system keeps track of the pages the user has visited since s/he last signed on. The software puts a “breadcrumb trail” of those pages at the top of the document pane. This feature should be used instead of the browser’s “Back” button.

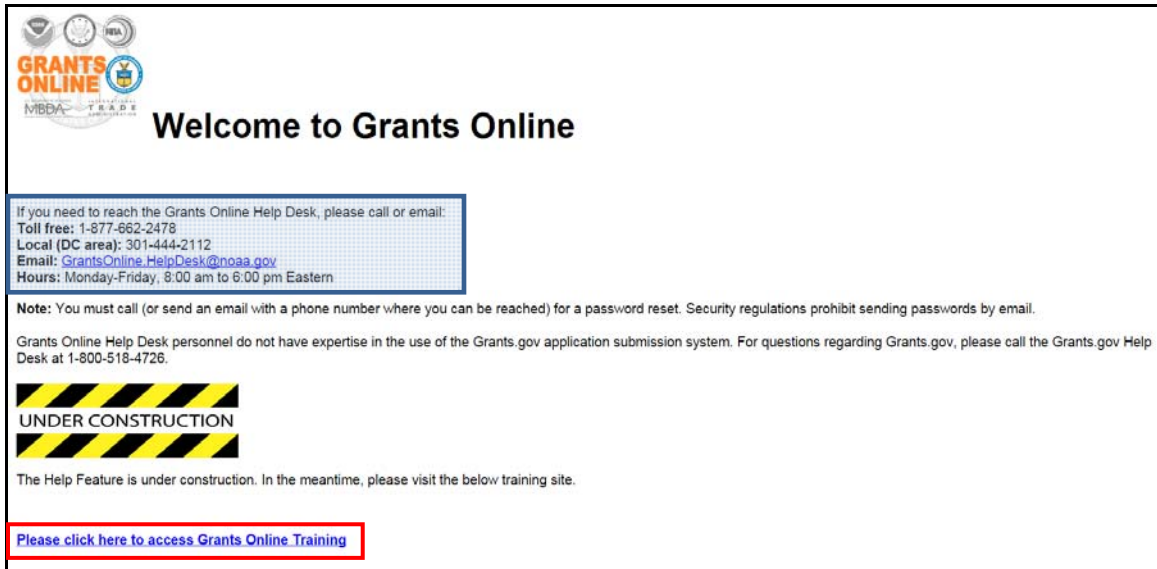

WARNING!

Please **DO NOT** use the browser’s “Back” button in Grants Online. Using the browser’s “Back” button may sign you out of Grants Online.

Help Tab

When the user clicks the Help Tab, the following screen will display. The Help Desk contact information and hours of availability are displayed in the blue shaded box. To access the Grants Online training, click the **Please click here to access Grants Online Training** link at the bottom of the screen.

The image shows a screenshot of the Grants Online website. At the top left, there are several logos including the U.S. Department of Commerce, NOAA, and MBDA. The main heading is "Welcome to Grants Online". Below this, a blue shaded box contains contact information for the Grants Online Help Desk. A note states that users must call or email for a password reset, as security regulations prohibit sending passwords by email. A disclaimer follows, stating that the Help Desk personnel do not have expertise in the Grants.gov application submission system. Below this is a yellow and black striped "UNDER CONSTRUCTION" banner. A message indicates that the Help Feature is under construction and directs users to a training site. At the bottom, a red-bordered box contains a link to access Grants Online Training.

Inbox Tab

Tasks

Email notifications alert the user to an action or task s/he must complete. When the user selects a task, s/he has the opportunity to complete the action that has been assigned to him/her within the workflow.

Access a Task

1. From the Inbox Tab, click the **Tasks** link. A list of the user's available tasks is displayed.

The screenshot shows the Grants Online interface. The 'Inbox' tab is selected in the top navigation bar. In the left sidebar, the 'Tasks' link is highlighted. The main content area displays 'Your Tasks' with a table of 17 items. The table columns are: View, Award Number, RFA Name, Task Received Date, Applicant Name, Task Id, Task Name, Task Status, Document Type, Document Id, and Start Date. The first three rows are visible, showing tasks for 'Competitive RFA 041514' assigned to 'SKILLIGALEE INC'.

User Preferences

The user may customize his/her viewing preferences using the My Preferences link. The user may add/remove email Inbox notifications. This will remove notifications sent to the user's external email account only. Headings may be customized to display certain fields on the user's tasks and notifications screens. Additionally, the user may change his/her Grants Online password.

Access User Preferences

1. From the Account Management Tab, click the **My Preferences** link.

2. On the screen shown below, the user can customize the page size, number of breadcrumbs, the look and feel, and the workflow warning.

The screenshot shows the 'User Preferences' form with the 'Site Preferences' section. It contains four settings: 'Page Size' (set to 100), 'Number of Bread Crumbs' (set to 20), 'Look and Feel' (set to DOC), and 'Workflow Warning' (set to Yes). Each setting has a plus/minus icon to its right.

3. Scroll to the bottom of the screen and click the **Save** button to capture the changes.

The screenshot shows two sections: 'Award Tasks' and 'Post Award Tasks'. Each section has 'Available Columns' and 'Selected Columns' lists. The 'Award Tasks' section has a 'Save' button highlighted with a red rectangle at the bottom left.

Customize Tasks

1. The user can modify his/her notifications using the checkboxes in the Email Inbox column (under the “Notification Preferences” section – top portion of the image below). Any modifications only impact the user’s Email Inbox; the Grants Online Inbox specifications cannot be modified.
2. The user can modify the type and order of preferences that display on the screen. To make modifications, click the **Tasks Preferences** link (bottom portion of the image below). The user can modify his/her preferences for General Tasks, RFA Tasks, Award Tasks, and Post Award Tasks.

The screenshot shows two sections of a web application. The top section, labeled 'Notification Preferences', contains a table with columns for 'Grants Online Inbox' and 'Email Inbox'. It lists various system-generated advisories and workflow items with checkboxes for selection. The bottom section, labeled 'Task Preferences', shows a list of available columns and a list of selected columns, with 'Up' and 'Down' buttons for reordering.

Change the Password

1. Click the **Change Password** button on the User Preferences screen.

The screenshot shows the 'User Preferences' screen with a sub-header 'Site Preferences'. It contains four settings: 'Page Size' (100), 'Number of Bread Crumbs' (20), 'Look and Feel' (DOC), and 'Workflow Warning' (Yes). At the bottom, a blue 'Change Password' button is highlighted with a red rectangular box.

2. When the change Password screen is visible, specify data for mandatory data fields – indicated by a red asterisk (*).
 - Enter the old password*.
 - Enter the new password*.
 - Enter the new password again to confirm*.
3. Click the **Submit** button.

The screenshot shows the 'Change Password' screen. It has three input fields: 'Old Password :*', 'New Password :*', and 'Confirm New Password :*'. To the right, 'Password Guidelines :' are listed. At the bottom, a blue 'Submit' button and a blue 'Cancel' button are shown, with the 'Submit' button highlighted by a red box. A note at the bottom states: 'NOTE: Once the password is successfully modified you will be redirected to login page'.

Password Guidelines :

- Passwords must contain at least twelve (12) non-blank characters.
- Passwords cannot contain quotation marks.
- Passwords are case sensitive.
- A Password must begin with an alphabetic character.
- At least one of the characters must be a number(0-9).
- At least one of the characters must be a special character. The only special characters allowed are underscore "_", dollar sign "\$", and pound sign "#".
- Six of the characters may only occur once in the password.
- At least 3 characters must be different than the previous password.
- Passwords must not contain the user's account name or parts of the user's full name.

NOTE: Follow the Password Guidelines as detailed on the upper right-hand side of the screen. **ONLY** the following special characters are valid: underscore “_”, dollar sign “\$”, and pound sign “#”.

User Delegations

When the user selects the **My Delegations** link on the Account Management Tab, s/he will be able to view existing delegates, add delegates, and rescind delegates. A user can only select as a delegate a person with an access level that matches his/hers. For example, a certified program officer cannot delegate to someone who has a lower level of access (e.g., an uncertified Program Officer or a Program Office staff member). In addition to an equivalent level of access, the delegate must have the same organizational affiliation as the delegator.

Access User Delegations

1. From the Account Management Tab, click the **My Delegations** link.

2. The Delegate Authority screen is visible.

The screenshot shows the 'Delegate Authority' screen. It has a heading 'Delegate Authority' and a sub-heading 'You currently have no peers on your list of delegates'. Below this is a section titled 'Search for Peers' with a note: 'Please note that this search will only cover those users who match the criteria and have at least the same permissions as you do.' There are four input fields: 'First Name:', 'Last Name:', 'Organization:', and 'Role:'. The 'Role:' field is a dropdown menu with the following options: 'AGO', 'ASAP Authorizer', 'Award Mailer', and 'Budget Officer'.

Add a Delegate

1. Search for the user(s) who will be chosen as a delegate using the first name, last name, organization or role.
2. Click the **Find Peers** button.

This feature allows you to view and update the users to whom you have delegated your work. You may search for users that have similar permissions as you and choose to delegate your work to them. The users will then receive an email and/or notification, and they will be able to log in and perform all of your tasks and activities.
Note: Your delegate(s) will NOT receive notifications of tasks as they arrive in your inbox.

[My Preferences](#)

This feature allows you to view and update your current system preferences. These preferences include your system password, the columns you would like to have displayed on your inbox view as well as the order in which you would like to have them displayed. You may also modify your notification and email preferences. Recipients and non-daily users of Grants Online should NOT un-check their email receipt options.

[My Profile](#)

This feature allows you to view and update your personal profile. You may update your name and address information, as well as your security question and answer. You may also view your system profile attributes, including your username and your currently assigned roles. Please ensure that your security question and answer are current so that the Help Desk can provide you with password assistance.

- The Delegate Authority screen is visible. If the user has assigned one or more person(s) as a delegate, the “Current Peers on Delegation List” will display; otherwise, the user is only presented with the option to Search for Peers.
- Click the **Rescind** link next to the name of the individual(s) you would like to remove as a delegate.

Most NOAA Program Offices use the Standard Non-Construction application package. If the Program Office has specific instructions for the recipient they may be attached to the Application Package screen. Otherwise, the RFA Publisher will upload a generic document.

Routing Slip

RFA Creator

It is recommended, although not required that an RFA creator be a Grants Online user with certified program officer role, or equivalent permissions. Within the context of RFA workflow, this is pre-determined to be the person creating the RFA. Further, this role selects optional reviewers and initiates application package posting.

Participant Name	User Name
RFACreator	Grants Student

Optional Reviewer

An RFA can be sent for optional review. You may select one or more person(s) as optional reviewers. If you select optional reviewers, please note that you will have to wait for ALL optional reviews to come back before you can initiate application package posting.

Nothing found to display.

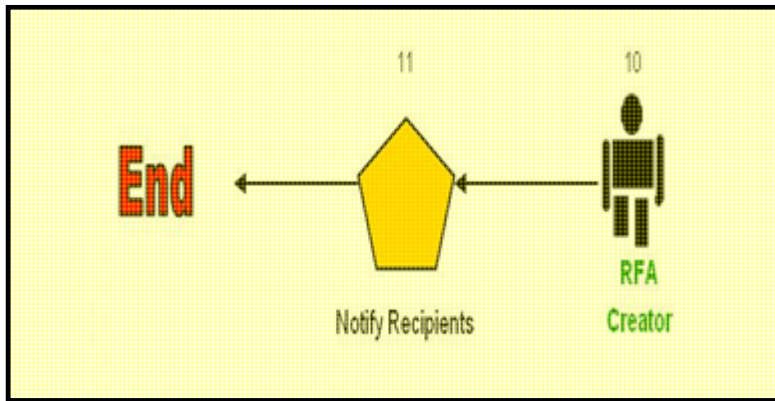

[Add Optional Reviewer](#)

RFA Publisher

All RFA Publishers will receive a task to review this document. One RFA Publisher will claim ownership. This is the person who coordinates and publishes the Federal Register Notice and posts the FFO on Grants.gov for competitive announcements. This person also posts the application package at Grants.gov for competitive and non-competitive announcements.

Subject: Notice of NOAA posting of Application Package at Grants.gov

This is an automated notification from NOAA Grants Online that an application package has been posted at Grants.gov and you have been selected by the posting Program Officer for notification.

The Grants.gov URL is: <http://www.grants.gov>. If not registered for Grants.gov, please begin the registration process immediately. It can take up to 2 weeks to fulfill all the registration requirements.

To retrieve an application package from the Grants.gov home page:

1. From the Grants.gov home screen, click the **Applicants** tab.
2. The user may click either the **Search for Grant Opportunities** link or the **Apply for a Grant Opportunity Today** link.
3. If the user selects the **Apply for a Grant Opportunity Today** link, click the **Download Application Package** button.
4. Enter the following Funding Opportunity Number:
 - NOAA-ONPO-2015-2001279
5. From the Actions column, click the **Select Application Package to Download** link.
6. The user should supply his/her email address so s/he can be notified of changes to the application before the closing date. If the user does not provide an email address, s/he cannot be apprised of changes to the application requirements. This limits his/her knowledge of all conditions that must be met to be selected for an award.
7. Click the **Download Application Instruction** link.
8. Click the **Download Application Package** link.
9. Complete the fillable pdf form and submit.

* For NOAA, EDA and NTIA the NEPA process is required. For other bureaus the NEPA process is not available.

Once the PO Checklist has been completed and certified (Steps 5 and 6), the system will generate the "Forward/ Revise Award File" task, which allows the Program Officer to forward the Award File to the Grants Specialist in GMD.

"Review Award File" Task is placed into Grants Specialist's Inbox when FPO forwards Award File.

1. An additional identifier on the Organization Profile called the Cage Code may be returned in the search results. The Cage Code is a data field from the System for Award Management (SAM). As a result of the Digital Accountability and Transparency Act (DATA Act), Grants Online now receives a daily extract from SAM.gov that will automatically update the Organization's profile in Grants Online.
2. Only active records are returned in the search results. If for some reason an organization is marked as inactive in the Grants Online database it will not show up in the search results even though it may be associated with a current award or closed award. For example, when an organization converts from non-ASAP to ASAP, the non-ASAP record will be made inactive so that it cannot be selected for a new award. If there are any closed awards for that organization before it converts to ASAP, they will remain associated with the non-ASAP record but the active ones will become associated with the ASAP record.
3. You will be able to tell whether or not an organization is already set up in ASAP by the presence of an ASAP ID in the search results. If an organization record is non-ASAP, but that Organization has been ASAP in the past, please contact the Grants Online Help Desk.

When adding a new organization the user must select his/her Bureau at the top of the page. If you have the organization's Cage Code it can be entered at the bottom of the page.

A required checkbox has been added to the PO Checklist so the user can indicate if s/he has verified the EIN and DUNS number the recipient entered on the submitted paper application. On occasion, there have been typos in the EIN or DUNS number on the application. Those typos frequently lead to inaccuracies in the organization's profile information and contribute to the grant being linked to an incorrect vendor in the CBS system. The ideal time to check this information is during the "Conduct Negotiations" process step (Universal RFA) or "Assign Award Number/Recipient" process step (Competitive RFA).

- In the Universal application process, the Provisional Organization workflow is initiated at the same time as the PO Checklist, NEPA, and Procurement Request when the FPO chooses **Negotiations Complete**. However, the Organization Profile task for the Provisional Organization Workflow is not in the FPO's Inbox. Rather it is created in the Inbox of a new Grants Online user called the Data Quality Validator. The FPO can monitor the progress of the Organization Profile by checking under "Pending Actions" on the Award File launch page.
- Until the Provisional Organization workflow is completed, the FPO will not have an option to Certify the PO Checklist and the Budget Officer will not have an option to Approve the Procurement Request.
- The user will have either two (2) or three (3) new tasks in his/her Inbox. (If there are no new tasks in the Inbox, click the **Inbox** tab to refresh the screen display.) Only NOAA, NTIA, and EDA receive the NEPA Document. The other bureaus only receive the PO Checklist and the Procurement Request.
- An Award File has also been created in the database. These tasks will move along separate workflow paths but will become a part of the same Award File in the Grants Specialist's Inbox. The tasks do not have to be completed in any particular order. However, the Grants Specialist may return an "incomplete" Award File to the FPO. The Grants Specialist cannot proceed to the next step until all documents that comprise the Award File are complete. The user should periodically check the Workflow History to ensure the Procurement Request (and if appropriate the NEPA) have completed their approval process before forwarding the Award File to the Grants Specialist. (The task with the option to forward the Award File to the Grants Specialist appears after the user completes the PO Checklist.)

- All RFA workflow processes fall into two main categories – “Competitive” and “Universal.”
- All sub-categories listed on the “Create RFA” screen (with the exception of “Competitive”) follow the “Universal” workflow process. For this class, select **Competitive** as the RFA type and **Create New from Scratch** as the Action.
- On the next screen enter the RFA Name and Fiscal year. For class, the RFA name should include the user’s training id (e.g., Grants Studentxx). This will make it easier to locate the RFA in future searches. The user may also want to include the current date as a part of the RFA name. For this class, set Anticipated Publication Date to tomorrow’s date.
- Choose **One Commerce Program Office (OCPO)** as the Assigned Program Office and the training instructor as the Assigned Program Officer. Choose the only available CFDA Number. Click **Save**.
- **NOTE:** The Funding Opportunity Number (FON) has now been generated. The FON is comprised of the following components:
 - First component – Bureau (for training – “NOAA”)
 - Second component – Line Office (for training – “GOT”)
 - NOTE:** For organizations where the Bureau and Line Office are the same, the Line Office is not included
 - Third component – Program Office (for training – “OCPO”)
 - Fourth component – Next 4 characters reference the Fiscal Year
 - Fifth component – The last 7 characters are a system-generated number

- By default, the RFA name is the same as the Competition Name. Make changes as appropriate. Enter the Fiscal Year.

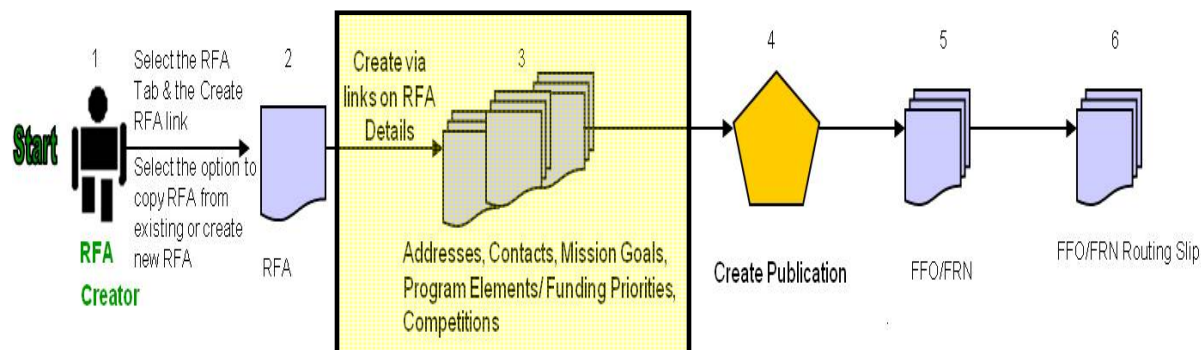

NOTE: There can be competitions for more than one fiscal year in a single RFA.

- In most cases the user will choose **Group** for Competition Type (see the distinction between the Competition Types below).

Group – All applications are due at the same time and evaluated against each other.

Individual Qualification – Applications are typically due over the course of a fiscal year and only need to meet or exceed an absolute standard to be funded.

- Remember to save often.
- You now have a page to add additional details for this Competition. Follow the step below to enter data into the blue boxes.
 1. Choose **Internal Reviewer** for the Selecting Official.
 2. Under “Anticipated Competition Schedule” the Application Due Date can be set as a hard date or a “relative” date based upon the actual publication date. The determining factor is how close the application due date is to the anticipated posting date in Grants.gov.
 3. Click **View Anticipated Competition Schedule** to view the system-calculated dates.
- **NOTE:** The user who receives a routed application becomes the “Assigned Program Officer” for that application and will get the tasks to “Conduct Negotiations” and three Award File tasks: 1) the PO Checklist; 2) Procurement Request; and 3) NEPA Document. If the user who receives a routed application is NOT a Certified FPO, the application will have to be reassigned to a Certified FPO prior to PO Checklist certification.
- Click the **Save** button at the bottom of the screen before moving on to the next sections.

Grants Online Federal Funding Opportunity, and Federal Register Notice Document Creation Assistance

Federal Funding Opportunity (FFO). The FFO will be available on Grants.gov. All grant programs must continue to develop FFO announcements, with a and selection procedures, and to make it available on Grants.gov. The Counsel for Legislation and Regulation (L&R), those FFO announcements L&R may coordinate the review and clearance of those announcements

ory or regulatory requirements to publish a Notice of Funding Availability if required to do so by any law or regulation. For these situations, Grants.gov

quired by the Office of Management and Budget. Additionally, the Department is required to use a required standard format, modeled on the FFO, for the Federal Register Notice.

format of the Federal Funding Opportunity details page that you will see on Grants.gov, which will be posted at Grants.gov. Fields on the FFO page that are

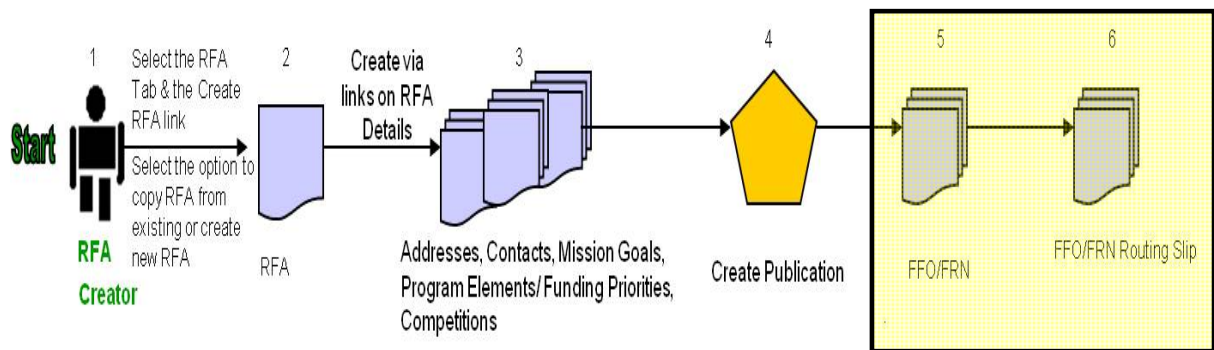

- Data previously entered into other parts of the RFA will not carry over to these fields. This forces the user to format the paragraphs appropriately for publication. Similarly, if the “Create New from Existing” option was used to create the RFA, the publication’s fields are blank. Again this forces the user to format the paragraphs appropriately for publication.
- Formatting (bold, italics, underline, etc.) is currently unavailable at this time for FFOs. This restriction is because of the historical link to a corresponding Federal Register Notice.
- To have both windows open on one screen right click the **Guidance Documents** link and specify it should be opened in a new window. Resize both windows so the FFO screen and guidance screen can be displayed side-by-side. Use the samples from the guidance document to complete information for the FFO. The user must customize the sample for his/her Opportunity notice. Use the **Preceding** and **Subsequent** links to move through the guidance pages.

NOTE: When creating a new RFA from an existing RFA, the user can open a second window with a *plain text version* of the old FFO. That facilitates copying and pasting data into the new RFA – one field at a time, making appropriate changes as you go.

- For the instances where there is a “soft” date based on the publication date of the Federal Register Notice the user should use the phrase <INSERT DATE 45 DAYS AFTER PUBLICATION>. The user also has the option to specify the appropriate number of days based on his/her RFA.
- Do not indent the first paragraph of any section – the system automatically indents the text. Subsequent paragraphs in the FFO for each section should be indented.
- As data is entered into the various sections of the outline the “empty” tag changes to a check mark. This is an indicator that the user has entered data for that section. As needed, the user may return to that section and edit data. If all data is removed from a section, the “empty” tag again displays.

NMFS NOTE:

NMFS requires a funding statement under Funding Availability that states: "Actual funding availability for this program is contingent upon Fiscal Year 20XX Congressional appropriations."

The Logistical Reviewer Instructions may only be used for attaching instructions related to travel and meeting dates, times and locations, as well as meeting requirements. DO NOT attach any instructions on how to how to conduct the review, review priorities, etc. The Logistical Reviewer Instructions do not require FALD review.

- Prior to starting the Review Event, the Reviewer Instructions must be reviewed by FALD. The FPO will not have the option to start the Reviewer Instructions workflow until FALD approves the Reviewer Instructions. To start the workflow, navigate to the Competition launch page and click the ID link for the Reviewer Instructions (under the sub-documents section).
- There are two sections on the Reviewer Instructions Details page:
 - The top section is mandatory and must be completed. Reviewer Instructions provide the procedural/technical requirements for conducting the review. All attachments should be added to the application prior to starting the workflow.
 - The bottom section (Logistical Instructions) is optional. Logistical Instructions are intended for panel reviewers and detail the logistics of convening a panel to review applications. FALD review and approval is not required for this component of the Reviewer Instructions.

- The Competition Manager should navigate to the Review Event launch page (RFA → Search for the RFA → Competition → select the appropriate Review Event). From the Action dropdown Menu, the Competition Manager should select **Start Review Event** and click the **Submit** button. In this instance, we are working on an Independent Individual Merit Review. If the option to start the Review Event on the dropdown menu is not visible, the Competition Manager should view the Workflow Analysis box to determine the status of the application.
- When the Competition Manager starts the Review Event, the Review Event Manager receives a task in his/her Inbox to “Manage the Review Event”. The Review Event functionality will be demonstrated during the Open Forum Session Wednesday afternoon.
- When the Review Event Manager has logged onto his/her account and the Workflow History is visible, it can be observed that the task **Start Review Event** is complete; however, the task to **Manage Review Event** has not started. In addition, there is an option on the Action dropdown menu to **Close Review Event**.

Competitive Process – Select Applications for Funding

During the class, the Select Applications workflow will be demonstrated using the Instructor's RFA. Students will have tasks at Steps 9-11 to assign award numbers to the application. This step is functionally the same as the "Conduct Negotiations" step of the Universal Application Processing workflow. **SEE Pages 59-64 of this Training Manual.**

- We are currently working on a new award. When working on a continuation amendment, the user will only have the option to select an organization identified on the original award.
- When the Award number has been generated, click **Save and Return to Main**. Next, choose the option to **Forward to Competition Manager for Selection Package**. After the last application has completed this step, the Competition Manager will receive the next task to Review the Selection Package. After the Competition Manager reviews the package, it can be prepared for approval by the Selecting Official and FALD.
- Please note that a multiple year award refers to an award that spans across more than one year. A multi-year award would have more than one line of funding; whereas a multiple year award would only have one line of funding.

Competitive Process – Select Applications for Funding

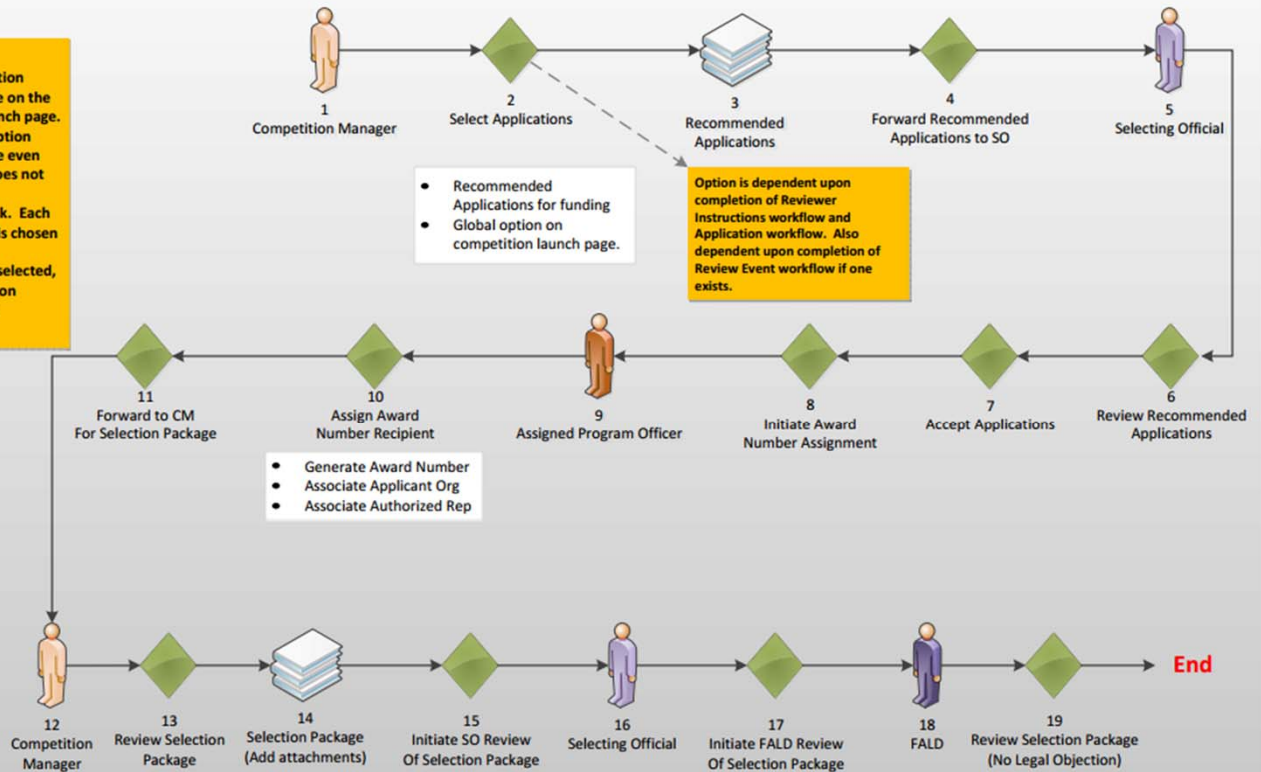

Competitive Process (COMP-3)

Select Applications for Funding Overview

June 1, 2016

Version 4.19

NOTE: "Select Applications" option remains available on the Competition Launch page. This is a global option which is available even when the user does not have a "Select Applications" task. Each time this option is chosen and additional applications are selected, the entire selection process must be repeated.

Steps 12-15

- At this point, the Competition Manager attaches all of the pertinent Selection Package documents (e.g., Reviews, Conflict of Interest Forms, Rank Order of Applications, etc.) to the Selection Package. The Selection Package and all its component parts, are sent for final approval.
- If the Selecting Official does not log into Grants Online, a copy of the Approving Document with the signature of the Selecting Official should be scanned and included as an attachment with the Selection Package.

Steps 16-17

- This constitutes the Selecting Official's approval of the Selection Package.

Steps 18-19

- If satisfied with the Selection Package, the FALD attorney will initiate the Award File workflow by choosing the "No Legal Objection" option. This will generate another "Selection Package" task for the Competition Manager. At this point the Competition Manager can, at their discretion, select additional applications and send the Selection Package back through the approval process.

NOTE: If FALD has issues with the Selection Package, they may return it to the Selecting Official **once** with the action: "FALD Comment." The Selecting Official has an option to follow or not follow the FALD's advice. However, the Selecting Official must send the Selection Package back to FALD. FALD can review the actions taken by the Selecting Official, but after that FALD will only be able to select the "No Legal Objection" workflow option – even if they have a legal objection.

Competitive Process – Start Award Processing

Start Award Processing Overview (COMP-4)

June 1, 2016

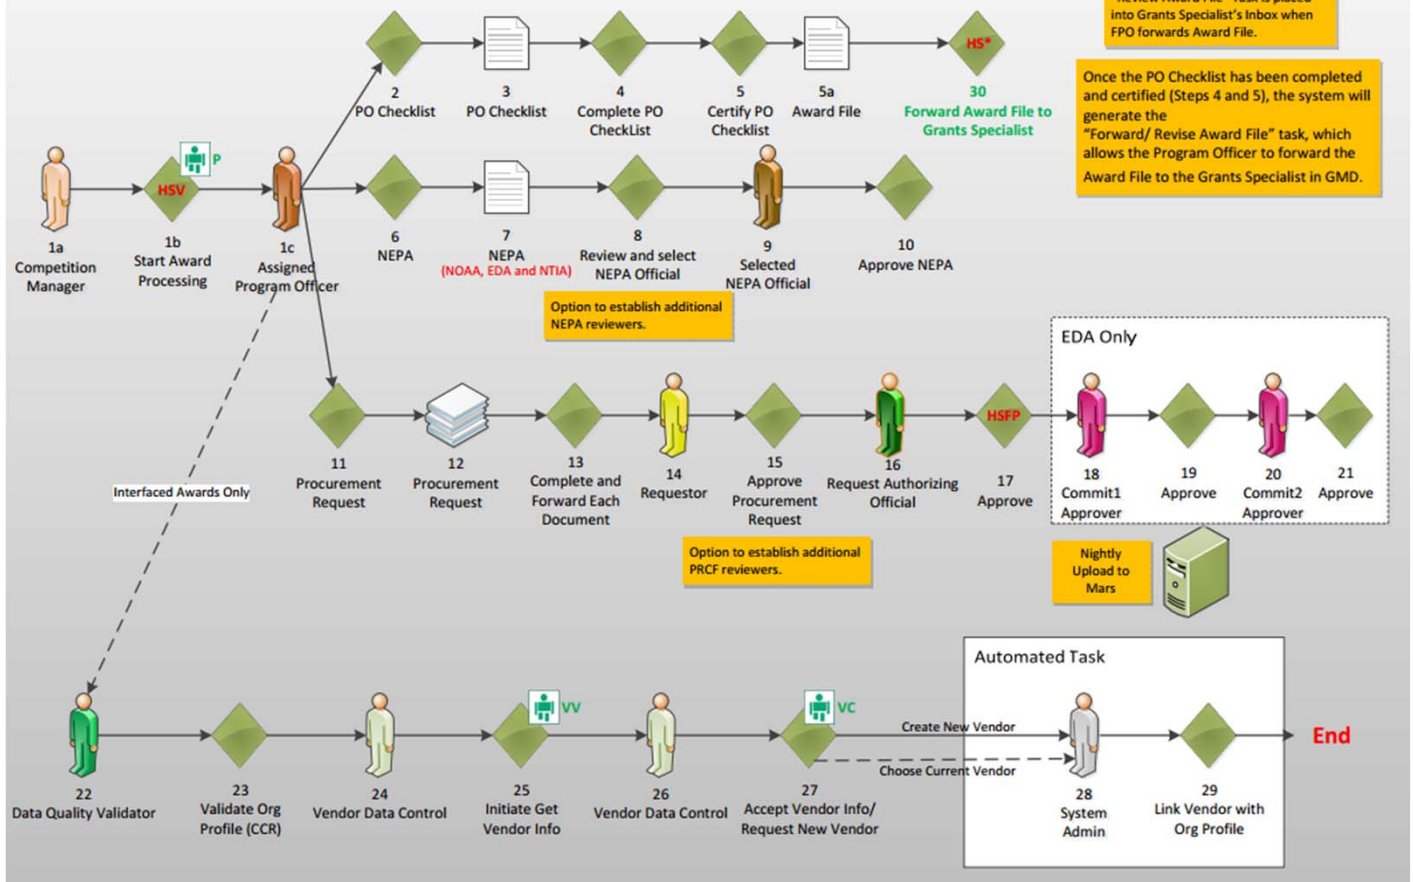

Version 4.19

* For NOAA, EDA and NTIA the NEPA process is required. For other bureaus the NEPA process is not available.

If needed, you can renegotiate and make any changes before forwarding the Award File to GMD (See separate "Renegotiation" Process Map).

"Review Award File" Task is placed into Grants Specialist's Inbox when FPO forwards Award File.

Once the PO Checklist has been completed and certified (Steps 4 and 5), the system will generate the "Forward/ Revise Award File" task, which allows the Program Officer to forward the Award File to the Grants Specialist in GMD.

Steps 1a-1b

- To move forward with application processing, the Competition Manager chooses the option to **Start Award Processing** from the “Review Selection Package” task. After an award is checked and the **Save** button is clicked, the system will immediately generate an Award File with a PO Checklist, a NEPA document, and a Procurement Request. These documents are delivered to the Inbox of the Assigned Program Officer (the person who has been working on the application). The Competition Manager can return to this task and start the award processing as needed for each selected application. The “Review Selection Package” task will remain in the Competition Manager’s inbox until the “Terminate Selection Package Processing” option is selected.

- In the Competitive application process, the Provisional Organization workflow is initiated at the same time as the PO Checklist, the NEPA Document, and the Procurement Request when the FPO chooses **Start Award Processing**. However, similar to the Universal Process, the Organization Profile task for the Provisional Organization Workflow is not in the FPO's inbox. Instead, it is created in the Inbox of the Data Quality Validator (a new Grants Online user role). The FPO can monitor the progress of the Organization Profile by checking "Pending Actions" on the Award File launch page.
- Until the Provisional Organization workflow is completed, the FPO does not have an option to Certify the PO Checklist and the Budget Officer does not have an option to Approve the Procurement Request.
- The user should now have three (3) new tasks in his/her Inbox. If not, the user should refresh his/her Task screen (Do NOT use the browser's "Back" button to refresh the screen display). An Award File has also been created in the database. These three tasks will move along three separate (but parallel) workflow paths. All three tasks, when completed, will comprise one Award File in the Grants Specialist's Inbox. The three tasks do not have to be completed in any particular order. However, the user should be aware that the Grants Specialist will return an "incomplete" Award File to the FPO. The Grants Specialist cannot start his/her portion of the workflow process until all three documents are complete in the Award File. The task, with the option to forward the Award File to the Grants Specialist, appears after you complete the PO Checklist. Therefore, the user should periodically check the Workflow History to make certain the Procurement Request and the NEPA Document have also completed their approval process before forwarding the Award File to the Grants Specialist.

NOTE: For detailed steps associated with completing the NEPA Document, the PO Checklist, and the Procurement Request refer to the Universal Processing section.

From the Action dropdown menu, choose **Complete NEPA Document** and click the **Submit** button. The NEPA Details screen displays four questions for which the user must provide a response. After responding to the questions, add any relevant attachments and identify the NEPA Official who will perform the final NEPA approval.

NOTE: The user can opt to send the NEPA document to NEPA Reviewers prior to forwarding to the NEPA Official. In that scenario, the NEPA document is sent to all identified NEPA Reviewers for the user's Program Office. The NEPA Reviewer who acts on the task first is the "owner"; the task is removed from the Inbox of all remaining NEPA Reviewers.

For this class choose **Internal Reviewer** as the NEPA Official. After clicking **Save and Return to Main**, choose **Forward NEPA Document** from the Action dropdown menu and click the **Submit** button. The user is redirected to his/her Inbox where s/he will see the NEPA Document task is no longer visible. The task has advanced to the next step in the workflow. The user can locate old tasks by changing the filter on his/her Inbox from "Open" to "Closed."

- Next, click the **Procurement Request** task from the Inbox and then choose **Complete Procurement Request and Commitment of Funds** from the Action dropdown menu. Note that this Procurement Request is only for the first year of funding. We will discuss how to fund the out-years during the Post Award class.
- Fill in Authorizing Official (Internal Reviewer) and Requestor (During class each student should use his/her own training ID (e.g., gstudent01)). Click the **Save** button.
- Now the Requisition Number and Ship To boxes have been populated by the system. Notice the data in the Description box. If the Procurement Request is completed before the PO Checklist, the Grant Type (Grant or Cooperative Agreement) is not available to be filled in. If necessary, this field can be manually updated.

FY 2015 UPDATE

- The Department of Treasury's Bureau of Fiscal Services mandated changes that impact how some NOAA awards are processed by Automated Standard Application for Payments (ASAP). Prior to FY 2015, all NOAA Awards were processed as *Regular Accounts*. Going forward (starting with FY 2015) new NOAA awards, except Cooperative Initiative (CI) awards, will be processed as *Control Detail Accounts*.
- For a detailed discussion of the conventions and rules associated with *Control Detail Accounts*, please refer to the Training Manual reference: http://www.corporateservices.noaa.gov/grantsonline/Documents/ASAP_FPO2015Feb.pdf
- The essential data entry requirements for the two award types, and the corresponding ACCS Lines, will be discussed at a high level.

Regular Accounts

- When a recipient logs into ASAP to draw down funds from a Regular Account award, s/he requests an amount that will be deducted from the total balance of the award's authorized funds. When entering the ACCS Lines for this type of award, standard procedures will apply.

Control Detail Accounts

- Each Control Detail Account award has an authorized total award funding amount. The total award funding amount is divided into to smaller sub-units, each of which is associated with a Unique Account ID. When requesting payments from the award account, the recipient must specify one or more Unique Account IDs and the draw down amount for each Unique Account ID. When entering the ACCS Lines for a Control Detail account, additional requirements apply.
- To facilitate the use of Unique Account Descriptors, a new Grants Online role has been created – the Lead Budget Officer. The person in this role is responsible for maintaining all *Unique Account Descriptor codes* in the Grants Online system for a particular Line Office.

ACCS Lines (Regular Accounts)

- The user must supply data for the ACCS Lines. To complete this task, click the **Add New ACCS Lines** link. The "Fiscal Year" defaults to the current fiscal year but can be changed by any user who has the right to edit the contents of this screen. The "Prior Year Fund" indicator is automatically set by the system based on the data in the "Fiscal Year" field.

ACCS Lines (Control Detail Accounts)

- To supply data for Control Detail Accounts ACCS Lines, click the **Add New ACCS Lines** link. As for the Regular Accounts, the “Fiscal Year” defaults to the current fiscal year but can be changed by any user who has the right to edit the contents of this screen. The “Prior Year Fund” indicator is automatically set by the system based on the data in the “Fiscal Year” field.
- In addition to the usual information, a Unique Account Descriptor and a Fund Type must be entered.
 - When data for Project, Task, Organization, Object Class, and Amount is entered; Fund Type is populated based upon the Project and Task.
 - Click the **Save** button.
 - The new ACCS Line displays at the bottom of the screen.

NOTE: The Data Warehouse (DW) Validation is an optional step for the Federal Program Officer or Program Office staff user. That step is not a prerequisite to add the Account Descriptor. However, DWValidate must be completed before the Budget Officer can approve the Procurement Request.

- Click the **Select Descriptor** link to specify the Unique Account Descriptor.
- Based upon the line office, a list of the available Unique Account Descriptor is visible.
- To filter by a Program Office, choose the appropriate Program Office from the dropdown list and click the **Apply Filter** button.
- Click the **Select** link next to the Unique Account Descriptor to complete the ACCS Line information that should be added to the Procurement Request.

▪ **After entering the ACCS information.**

- Click the **Save** button.
- Click the **DWValidate** button to validate the data against the CBS Data Warehouse tables. If the validation is successful, the Program Code is populated.
- When the user enters a valid ACCS Line, the words *“The ACCS is Valid”* displays at the top of the “Accounting – ACCS Line” section of the screen. In addition, the word *“True”* displays next to the Validated field.
- Click the **Cancel/Done** button to return to the previous screen.
- Continue to process and forward the Procurement Request as usual.

If there is a problem with the edit check against CBS the system will display a separate page showing a message from the CBS system. If the CBS Result message is difficult to understand, contact the Grants Online Help Desk for assistance. In this example one component of the org code is incorrect.

- The CBS validation feature applies only to Interfaced Awards. Currently, NOAA is the only Bureau with Interfaced Awards.
- There is a CBSValidate button on the main Procurement Request screen. After entering the ACCS line(s), this button can be used to check for sufficient funds. The CBSValidate process also validates each component of the ACCS line and ensures the organization has been linked to a valid vendor in CBS. The results of the CBS validation process are displayed at the top of the Procurement Request screen. If any edits checks are not passed, a CBS error message indicates the cause of the validation failure.

NOTE: CBS validation is only required for the Budget Officer. The functionality, however, is also available to the FPO and Requestor.

- The amount of the “PRCF Total for this Award Action” must be equal to or less than the amount in “Total Federal Funds Authorized For This Award Action.”
- Click **Save and Return to Main** to prepare to start the workflow. The user is returned to the Procurement Request launch page.
- From the Action dropdown menu choose **Forward Procurement Request to Requestor** to begin workflow. Since the user has selected himself/herself as the Requestor s/he will have a new task in his/her Inbox to “Review the Procurement Request.”
- Navigate to the Inbox, click the **Tasks** link and select that task. Choose **Approve Procurement Request** from the dropdown menu.

The user now has one more task in his/her Inbox to complete for this application: "Complete PO Checklist." Click on that task and go to the details page. Fill out this form carefully. Each section is important.

- Statutory Authority – Data must be entered. The information can be modified by Grants Management.
- Project Description/Abstract – Do not use abbreviations. This is the information that is used for congressional notifications and for press releases.
- The user should verify the accuracy of the EIN and DUNS; indicate verification by marking the checkbox on the General Award Information section of the screen. Verifying those two variables will diminish the possibility of errors that delay receiving applications and processing the award.
- Matching Requirements –
 - a. If using a ratio, remember that the number on the left of the colon plus the number on the right of the colon equals to the total number of even parts. (Ex: 1:4 ratio means that the award total is divided into 5 equal parts with the recipient contributing a match of 1 part for every 4 parts of the Federal share). Using real numbers, for a \$500,000 total award there is \$100,000 in matching funds to \$400,000 in Federal funds.
 - b. If using percentages, the percentage is based on the total award (Federal plus match), not a percentage of just the Federal funds. (Ex. A 20% match means that the total award contains 80% Federal funds and 20% matching funds). Using real numbers, for a \$500,000 total award there is \$100,000 in matching funds (20% of \$500,000) to \$400,000 in Federal funds (80% of \$500,000).
- The correct "Special Award Conditions" links must be used for Grants Online to associate the condition with that item in the "PO Checklist." The "Special Award Conditions" at the bottom of the page should be used only for additional programmatic award conditions not covered elsewhere on the page.

Grants Management Process

Please note: The FPO should communicate to the Recipient that the Decline Award process should not be used if an update is needed.

- When the Award File has been forwarded to Grants Management there are several additional steps that take place before the award offer is sent to the recipient. The Grants Management workflow steps for processing a Competitive application package are exactly the same as for the Universal application package with the exception of the Grants Management review and approval process.
- If funds have been removed from the ASAP account(s) used on the Procurement Request after the Award File was sent to Grants Management, the Grants Officer will not be able to approve the award and will return it to the Program Office to remedy the situation.
- If the recipient organization record attached to the application is not marked as ASAP, the ASAP portion of the workflow will be skipped. The recipient will have to use an Organization Profile Change Request to initiate the ASAP enrollment after the award has been accepted. This process must occur when the Non-ASAP record rather than the ASAP record for an organization is accidentally associated with an application.
- For non-NOAA bureaus (except EDA) using Grants Online, all awards are routed to WebDocFlow for OLIA clearance, irrespective of award amount. In addition, this rule applies to awards that require bureau-level OLA clearance. For NOAA, the determining factor for WebDocFlow routing is the award amount. For EDA, the OLIA and OLA tasks are manually cleared.

Partial Funding Guidance

Partial Funding Memo

The Partial Funding Memo is used to explain the state of funding for the approved Application. A clear and precise explanation of what is happening in this Partial Funding will greatly assist GMD personnel in processing the action. Typically, Partial Funding actions are used to fund the out-years of multi-year awards, with a single application being submitted for the award's duration. However, some awards will have multiple multi-year applications associated with them. Other awards are single-year awards for which the fully approved amount was not provided in the initial award. Every situation requires an explanation.

- Reference the **Guidance** link for an example of the language that should be used for the Memo box.

Do not make any modifications to the "Amendment Details"; this will be done by the Grants Specialist. If changes to the Partial Funding Memo or Funding Amounts are necessary choose **View/Edit Partial Funding Document**.

NOTE: If changes are being made to the Federal Funding Amount, the Procurement Request task must also be in the user's Inbox. Make certain the same changes are made on both documents (the Procurement Request and Commitment of Funds and the Review Release of Funds).

Sample Language for Partial Funding Memo

- (STANDARD) This release of funds of \$_____ is for year ____ of a ____ year multi-year award. All required Progress and Financial reports have been submitted and accepted.
- (EXAMPLE 2) This release... Due to _____, total funding for this award period is not available; additional funds will be provided at a later date. All required Progress...
- (EXAMPLE 3) This release... Due to _____, total funding for this award period is not available in this FY. Additional funds will be provided in FY____. It is our intent to provide total funding for this award. All required Progress...
- (EXAMPLE 4*) This release... Due to _____, additional funds will not be provided and this award will be reduced by _____. All required Progress and Financial reports have been submitted and accepted.
- (EXAMPLE 5) This release of funds is expected to be the final release of funds in FY _____. The remainder of the project is expected to be funded in FY_____ through FY _____ assuming funds are available. All required Progress...
- (EXAMPLE 6**) This release of funds of \$_____ is for year ____ of a ____ year multi-year application which was originally funded as Amendment _____. All required Progress...
- **NOTES:**
 - *When no additional funds are to be made available, the Program Office needs to advise the Grants Officer. This allows the Grants Officer to create an amendment informing the recipient that no additional funds will be provided. The recipient has the option of continuing work with existing funds or terminating the award.*
 - ** If Federal Funding is being reduced, the match should be reduced accordingly.*
 - *** If the Partial Funding is on a continuation application, instead of the original award, note the appropriate amendment number in the Partial Funding Memo.*

Reduce Funding

The Reduction in Funding workflow follows a very similar process to the Partial Funding workflow and has the same "Look and Feel."

Total Federal funds authorized for this Award action: \$-100.00

Similar to a Partial Funding, two tasks are generated in the FPO's Inbox. The Procurement Request must be filled out using negative numbers for the funding reduction. The workflow must be completed by the Authorizing Official (Budget Officer role) to allow the Procurement Request to be forwarded to Grants Management.

MEMORANDUM: NOAA Finance Office
FROM: Grants Management Division
SUBJECT: DE-OBLIGATION
De-obligation Request for Award: NA12GOT9990023

Total Federal Funding (entire award): \$10,000.00
Recipient Name: Environmental Action Committee of West Marin
EIN: 237115368
DUNS: 793971490
ASAP ID (if applicable):
Award Period: 05/01/2012 - 04/30/2013
Federal Program Officer: Grants Student00
Obligation Number: 374002
Requested De-obligation Amount: \$100.00

Item #/MDL	ACCS	Amount
2245494 / 2025338 14 2012 2000 52-30-00-000 SAE0000-SAE 10-01-0002-00-00-00 41-12-00-00		(\$100.00)

The Grants Management Division has reviewed the subject award. This document serves as authorization to proceed with the de-obligation process.

Justification for De-obligation:

The Grants Management Division has reviewed the subject award. This document serves as authorization to proceed with the de-obligation process.

Grants Officer Approval:
De-obligation Completed: Grants Online-CBS Interface
Finance Office Approval: N/A

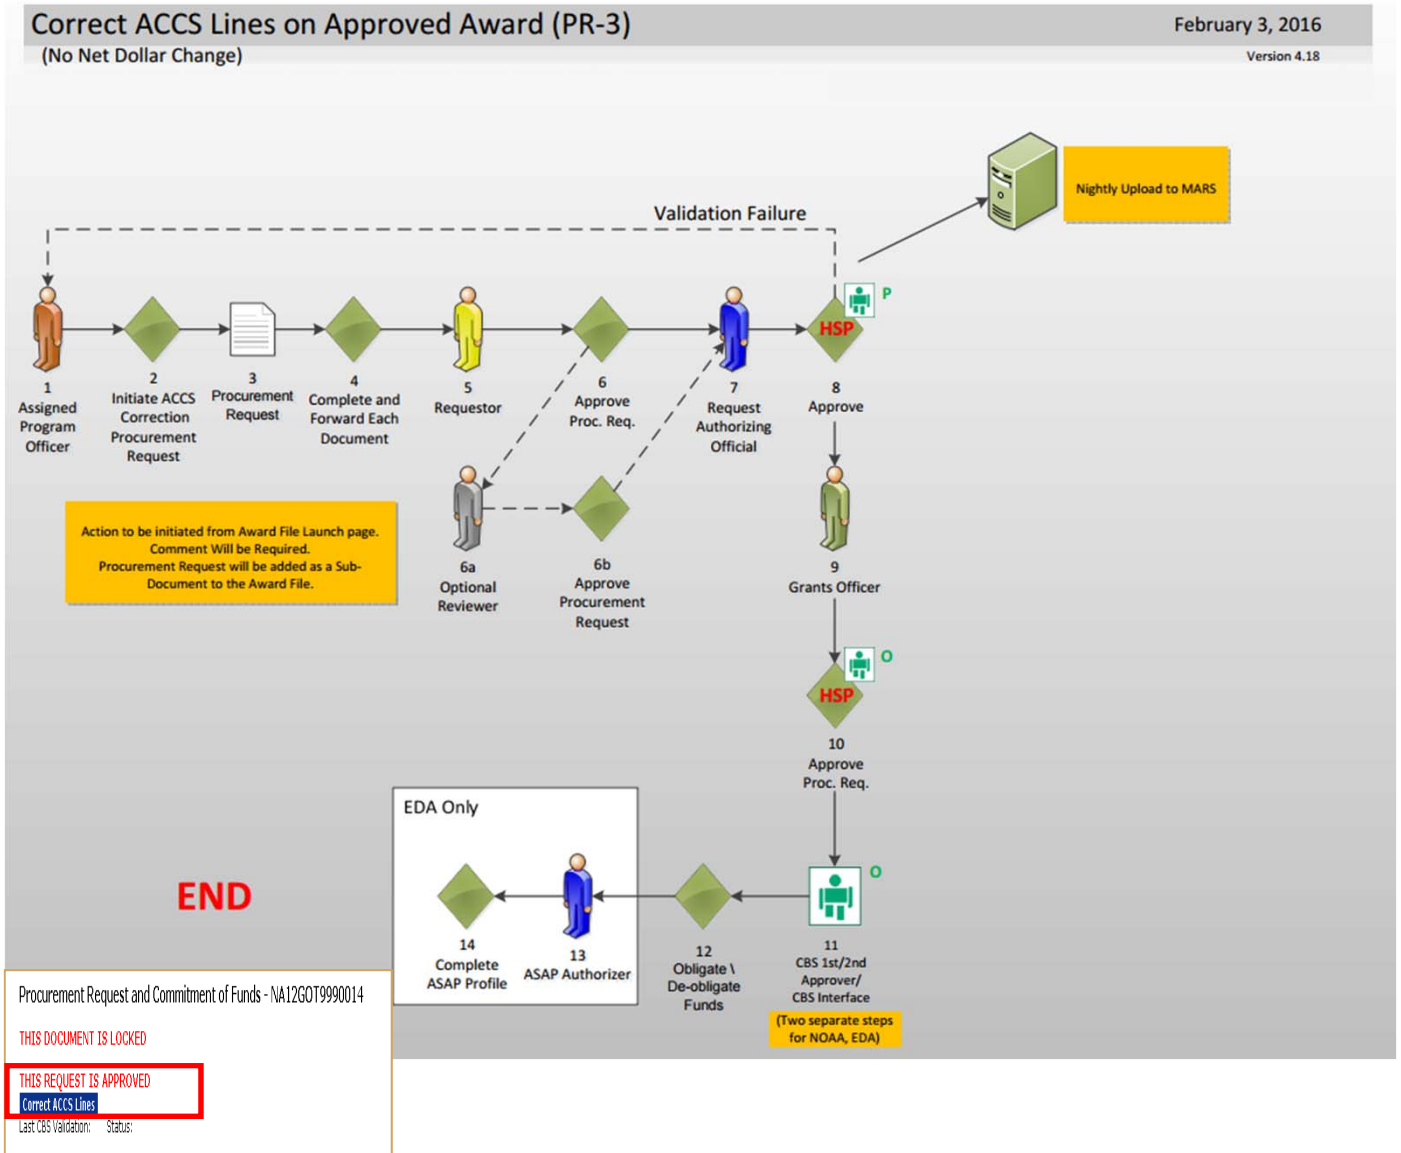

The Award File for a Reduction in Funding contains a de-obligation memo. This is used to document the de-obligation by the system via the interface. In the case of a non-interfaced award the workflow will go through the Finance Office where the de-obligation memo will be manually approved. There is no action required by the Federal Program Officer relative to the de-obligation memo. However, the memo is available for viewing by the Federal Program Officer.

Declined Amendment (DA)

For a Federal Program Officer, the Declined Amendment workflow looks similar to a Reduction in Funding. However, the tasks are generated when the Grants Officer acknowledges the declined award rather than the Federal Program Officer initiating the action.

To make a correction to an ACCS line on an already approved award:

1. Navigate to the Award File containing the Procurement Request that needs to be corrected.
2. Access the details page of the Procurement Request that needs to be corrected.
3. Click the **Correct ACCS** button. This will generate a new “zero-dollar” Procurement Request.
4. Edit the ACCS line to make the amount (or a portion of the amount) negative.
5. Add one or more positive ACCS lines to create a net balance of zero on the Procurement Request.
6. Start the workflow for approval of the new Procurement Request.

NOTE: Only the Assigned Program Officer for the Award can make a correction to an ACCS line on an award that has been approved.
