Appropriation: Coastal Zone Management Fund

GOAL STATEMENT:

The Coastal Zone Management Fund (CZMF) was created by the 1990 amendments to the Coastal Zone Management Act (CZMA). The purposes for which the funds can be used are set forth in Sec. 308 of that Act. In summary, Sec. 308 authorizes the use of the loan repayments from the former Coastal Energy Impact Program (CEIP) for the administrative costs of the Coastal Zone Management Program and if any funds remain, for other purposes as set forth below.

BASE DESCRIPTION:

Section 308 of the Coastal Zone Management Act authorizes the CZMF to be used for the following purposes:

- Expenses incident to the administration of the Coastal Zone Management Act;
- Projects to address management issues which are regional in scope, including interstate projects;
- Demonstration projects which have high potential for improving coastal zone management, especially at the local level;
- Emergency grants to State coastal zone management agencies to address unforeseen or disaster-related circumstances;
- Appropriate awards recognizing excellence in coastal management;
- Program Development Grants; and
- Financial support to coastal States for use in investigating and applying the public trust doctrine to implement State management programs.

As a part of the FY 2008 appropriations process, NOAA proposes to transfer funding from the CZMF for obligation in the ORF account.

PROPOSED LEGISLATION:

NOAA will continue to work with Congress to reauthorize the Coastal Zone Management Act.
