The author has submitted this manuscript for review. The author desires publication as indicated above. Would you please serve as an official reviewer? Your frank comments and recommendations on the paper would help us evaluate it with regard to acceptability for publication and would provide suggestions and advice to the author for improving his manuscript. In making the review, you may find the questions in this form helpful. Complete, sign, and return your evaluation, or if you prefer, a letter of evaluation may be substituted for this form. Direct discussion with the author(s) or the sponsor (named above) regarding any suggested changes is encouraged (before this form is completed) especially if you believe that this may lead to a beneficial direct exchange of viewpoints between you and the author. However, if you cannot reach an agreement or if you wish to remain anonymous, please submit written comments in a form suitable for transmission to the author(s).
Please return the manuscript with this form.
We appreciate your cooperation and willingness to serve as an official reviewer of this manuscript.
In keeping with the NOAA policy of completing reviews promptly, can you send us your comments by _____, 20____? Please notify us immediately if you think it will take longer.
