U.S. DEPARTMENT OF COMMERCE NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION

## OZONE DEPLETING SUBSTANCE AND REFRIGERANT INVENTORY LOG

Instructions: Indicate the refrigerant type and the starting refrigerant balance in the header section. Up to six (6) different substances can be tracked on one sheet. Complete each row as indicated for each change to the shipboard inventory of the ODS or refrigerant. Indicate the amount added or discharged. Add or subtract the change amount to the balance recorded in the row above. Record the new balance in the appropriate column.

NOAA Ship		AMOUNT ADDED (+) OR	REFRIGERANT TYPE						IMO NUMBER	FLAG STAT	E
DATE	DATE ENGINEER PERFORMING SERVICE		REFRIGERANT BALANCE					EQUIPMENT	REASON FOR EQUIPMENT		
									NAME	MAINTENANCE
