Basic Terminology

Travel Authorization (TA)
Authorizes an employee or invitational traveler to travel on behalf of the Government. Includes itinerary, mode of travel, estimated expenses, and the accounting code(s) being used to pay for all expenses. Also called Orders or Travel Orders. Must be created prior to any travel occurring. Federal travelers are not allowed to travel without an authorization. (also CD-29)

Final Travel Voucher (TV)
A claim for reimbursement for travel expenses. Final record of the way the trip actually occurred. Includes all actual, final expenses. Created after the trip has been completed.

Incremental Voucher
A claim for reimbursement for travel expenses for a long term TDY trip.

Supplemental Voucher
A claim for reimbursement for travel expenses that were not included on the final voucher.

Reclaim (RECLAIM)
A claim for reimbursement for travel expenses that were denied in part or full by the approving official.

Pre-Trip Voucher
A claim for reimbursement for specific expenses prior to traveling.

Local Voucher (LV)
A claim for reimbursement expenses for local travel. Created after the trip has been completed or based upon office policy.
E2 Travel System Overview

Third Party web based application used to create travel documents for DOC travelers

Links electronically to the Core Financial System (CFS)
  • Creates Obligations from E2 Solutions to CFS
  • Checks Funds Availability
  • Active Accounting Classification Codes (ACCS) loaded into E2

Electronic Routing of employee’s documents within the application

Provides on-line status information and a history of travel authorizations, vouchers, and local vouchers

Provides online booking engine
Normal TA Flow

Create Travel Documents
- Create Authorization

Preparer
- Sends TA to Routing
- Email Notification

Review/Approval
- Level 1-?
  - Electronic Review (Optional)
  - Email Notification
- Last Level
  - Electronic Approval (Mandatory)

Finance Office CBS/CFS
- Staging for Obligation
- Approved Obligation
- Funds Draw Down
  - Post UDO Transaction to GL (Holds Money)

LO Program/Budget Staff
- Recorded in NOAA Data Warehouse

TMC Notified of Approval/Pending Obligation Status
- CFS Posting Confirmation Received – Obligation Accepted Status
Traveler should submit voucher claims (FTR 301–52.7):
• Within 5 working days after trip or period of travel is complete
• Every 30 days if on continuous travel status

TMC Ticketing requirements
• Different airlines have different requirements
  • Approval done within a specific time frame (i.e. 24 hours)
    – Premium Class
    – Non-Refundable/Penalty Fares
    – Non-Contract Carrier
  • Airline is requiring purchase within 4 hours

• Once TA is approved, the TMC is notified
  • If the TMC is not notified, contact Client Services Help Desk

E2 User Types

• Each user has access to features and functions appropriate to a specific user type. All user types have access to Traveler functionality.

• The following are E2 user types:
  – **Traveler** - Create, modify, delete, route and print travel documents for yourself and for any other travelers who have given you permission to arrange their travel.
  – **Approver** - Approve, revise, route and print travel documents including authorizations, vouchers, and local travel claims.
E2 User Roles

- Roles are granted at specific hierarchy levels
- The following user roles provide users with access to additional features and functions based on the access level granted:
  - **Arranger Access** – Allows user to arrange travel for other users without having to be a designated travel arranger for that user.
  - **View Document Access** – Allows user to view access to a traveler’s authorization, voucher or local travel claim.
  - **Report Access** – Allows user to run reports.
  - **System Administration Access** – Allows user to view and/or modify a wide variety of settings. *Limited access*
Users must abide by the following set of requirements to gain access to the E2 system:

- All E2 users must be employed by Department of Commerce (either Federal Employee or Contractor).
- All E2 users must be familiar with their Bureau’s Information Technology System Rules of Behavior and complete the required IT Security Awareness Course.
- All new E2 users must complete the DOC E2 Solutions Security Access Request Form. The form can be obtained from https://connection.commerce.gov/policy/20160419/e2-system-access-request-form, or by contacting Client Services Help Desk.
  - The form can only be accessed from an office network, cannot be accessed via VPN or any other network connections.
- All E2 users must be listed in a DOC Staff Directory prior to being granted access to the systems. This is the responsibility of the user’s office. [Does not apply to Invitational Travelers]

Special Circumstances Travel and other information
DOC implemented a new feature, Automatic Amendment Approval (AAA), in mid 2018

- Amended authorizations will be automatically approved if the following AAA conditions are met:
  - The change does not increase the cost of the trip by more than $250
  - The change does not increase the number of itinerary locations
- If the amendment qualifies for automatic approval, the traveler will receive a message ‘minimal changes made, no additional approval required’ and the trip amendment will be automatically approved
- Amended authorizations which exceed the AAA conditions will be required to route for approval

Invitational Travel – Travel Advance Process

1. **Complete E2 Travel Authorization**
   - Once the travel authorization is approved and authorization status indicates Obligation Accepted, complete the Commerce Department CD-369 Travel Advance form.
   - Ensure signatures are obtained where indicated then scan and attach completed form in to E2 authorization.

2. **Add Outside Advance information in E2**
   - From the Trip Dashboard, Click Add Outside Advance
   - Complete the required information
   - Select an account code to fund the advance
   - Review the details on the Advance Summary page and then click Complete Outside Advance.

3. **Send Email Request to Finance Office Point of Contact**
   - Send email request to Laura.Scott@noaa.gov
   - Subject Line: Travel Advance Request
   - Body Content:
     - Please process travel advance request for the following traveler:
     - Traveler’s Name:
     - Trip ID:

4. **Travel Advance Processed**
   - Finance Office will retrieve the authorization and CD-369 from E2 to process the advance request
Tolerances - Overview

There are two (2) separate and distinct tolerances a voucher must go through in order to process successfully over into the Core Financial System (CFS):

• **E2 Tolerance – $250**
  – The sum of all vouchers processed cannot exceed the overall (reimbursable + non-reimbursable) authorization estimate by $250

• **CFS Tolerance – 500% Not to Exceed (NTE) $125**
  – CFS tolerance is at the Item Type (Expense Category) and ACCS level and **not** at each individual E2 expense item. For example:
    • *The Expense Category for Miscellaneous is "Other".* For each of the following expenses; Hotel Tax, Fuel - Gasoline, Excess Baggage and Taxi, the Expense Category is also "Other."
    • *This means the Item Type (Expense Category) and Object Class will be the same for each of the individual expenses and will allow the traveler to make changes on the voucher to specify and/or change the expense to another that is mapped to the same Expense Category (i.e., change the expense from Misc to Fuel, Check Baggage, etc.) without requiring an amendment as long as the estimated Misc charge (plus tolerance) is not exceeded.*
    • *This will work for almost all expenses with the exception of Airfare, Lodging, M&IE, POV, Rental, and Registration Fees, which have their own unique Expense Categories and object classes*
Travel Vouchers - Background

- DOC standardized auditing of travel across all bureaus
  - Invitational Travel
  - Non-Federally Sponsored Travel
  - Travel Advances
  - 10% random sampling of all other Travel Vouchers

- Preparers, Travelers and AOs should not electronically sign/approve travel documents without performing due diligence:
  - Review all data on the Travel Voucher.
  - Ensure Justifications are provided where required.
  - Ensure all required receipts are scanned and uploaded in a single .pdf file.

- Travelers need to be mindful of the expenses they incur or run the risk of not being reimbursed.

- When in doubt it is always advisable to seek guidance from the NOAA Travel Policy Office prior to incurring any questionable expense(s).
  - Additional reference, DOC Travel Handbook, Appendix L – Allowable, Limited, and Prohibited Travel Expenses
Travel Vouchers - Audit Guidelines

NOAA Finance has up to three (3) business days to process travel vouchers selected for audit

- **Proper Travel Voucher**
  - If NOAA Finance deems the travel voucher proper and without error, they will schedule it to pay within the three business days and without notification to the employee.

- **Improper Travel Voucher**
  - If NOAA Finance deems the travel voucher improper, they will send the employee and document preparer an e-mail notice requesting additional documentation be scanned into E2.

- **Disallowed Expenses**
  - In cases where the employee fails to provide NOAA Finance the necessary documentation to support a travel voucher selected for audit, NOAA Finance will disallow the unauthorized expense and reimburse the employee for expenses that were properly authorized.
  - In those cases, employees may submit a supplemental voucher for any expense previously disallowed as long as the supplemental voucher properly authorizes such expense.

  **Note:** This has stipulations depending on the expense and E2 tolerance. Lodging and M&IE must be submitted on a CD370 as E2 does not allow a supplemental for those expenses. All other expenses can be claimed on a supplemental as long as the total of both vouchers does not exceed the total of the TA (including airfare) by $250.

Employees should always consider alternate routes that do not require automated toll payment systems where possible. If an alternate route is not possible, the authorizing official may authorize the cost of renting an EZ Pass device on a case-by-case basis, depending on the nature and duration of the assignment at hand. Employees must include a justification in the Remarks section of their travel authorization whenever EZ Pass devices are authorized.</td>

Rental Cars - Global Positioning System (GPS).

**Limited**
The cost of a GPS is not reimbursable for normal travel where the employee is only going to one location to perform their official business. However, the authorizing official may authorize the cost of a GPS when deemed officially necessary for the employee to carry out their duties at hand. For example, a GPS may be necessary in cases where an employee is making various office site visits across the country. When officially required, a GPS must be specifically authorized in the Remarks section of the travel authorization and must include the nature of the special requirement.

NTR CHAPTER 5. RENTAL CARS

Resort Fees

**Limited**
Only when such fees are not optional.

Note: GSA strongly discourages travelers from lodging at properties that assess resort fees. Instead employees are encouraged to use FedRooms properties as their first lodging choice since FedRooms properties do not charge resort fees.

If the hotel is the traveler’s only option this should be justified in the Remarks and the expense should be claimed as “Other Lodging Expense”
