Process an Inbox Task

Grants Online is a workflow system that sends a task to a user's Inbox for each action the user should complete. The action(s) a user can perform are dependent upon the information in his/her user profile (organization and role(s)). The steps below explain how to access and complete tasks in the user's Inbox.

1. Click the **Inbox** tab.
2. Click the **Tasks** link.
3. Locate the task you wish to complete and click the **View** link beside that task.
4. The launch page for the selected task is visible. Select an item from the Action dropdown menu.
5. Click the **Submit** button.
6. Perform the remaining steps associated with completion of the selected task.

Reassign a Task

The following steps explain how to reassign a task between users in the same organization. In addition to being affiliated with the same organization, the user to whom the task is being assigned must have the same Grants Online role.

The user can also search for open tasks in his/her organization by completing steps 1-5 in this section of the document.

1. Click the **Inbox** tab.
2. Click the **Task Management** link.
3. While on the Task Management launch page, select the appropriate role from the Search Criteria dropdown list. The selection defaults to the user's main role.
4. Select the appropriate organization from the second dropdown menu.
5. Click the **Search** button, under the Task Management header.
6. When search results display, click the **Reassign** link next to the task that is to be reassigned.
7. From the Search Users page specify the last name of the user to whom the task will be reassigned. If the search is conducted using a common last name, also specify the first name; that limits the number of records returned by the search.
8. Click the **Search** button.
9. Click the **Select** link next to the name of the user to whom the task should be reassigned.
10. Click the **Yes** button to confirm the request or the **No** button to cancel the request.
