

Release Notes for Grants Online Version 4.15

Date Deployed: February 17, 2015

(Release Notes Modified: April 03, 2015)

Global

1. The Grants Management Division (GMD) and the NOAA Information Technology Security Policy links have been updated. (GOL-189) The links are as follows:
 - GMD <http://www.ago.noaa.gov>
 - NOAA Information Technology Security Policy
http://www.corporateservices.noaa.gov/ames/administrative_orders/chapter_212/212-13.html
2. The Organization Details screen displays both the Address and the County Name. (GOL-213)

Note: Addresses must match the physical and mailing addresses in the SAM for the associated FFATA DUNS. The Physical Address is the address used for searching and viewing throughout the system.

SAM Physical Address	
Street Address	888 N. Euclid Avenue
City	Tucson
County Name	PIMA
State	AZ
Zip	85719-4824
Country	USA - United States
Phone	520-626-6000

3. When the public search function is executed, only the new awards and amendments signed by the Authorized Representative are available for view. Any amendments that **have not** been accepted by the recipient are not available for view. (Kayako: LPS-455-63200; GOL-156)

Inbox Tab

1. The Inbox Notification for **new users** is activated when an account is successfully created. (GOL-206)

RFA Tab

1. A competitive RFA must have a minimum of one competition. Therefore, on the RFA Details screen, the label "Competitions" should be replaced with the label "Competitions*." This is accompanied by a warning message that while the data entered can be saved, the workflow will not start until at least one competition is associated with the RFA. (Kayako: VMY-387-59207; GOL-211)

- When a RFA is copied from one year to the next year, the review event can now be edited or removed. (Kayako: GSA-815-59266 & SON-283-16954; GOL-207 & GOL-219)

2. In response to Department of Treasury mandated changes to Automated Standard Application for Payments (ASAP) and to satisfy new Central Accounting Reporting System (CARS) requirements, NOAA has updated the Grants Online financial/accounting processes. The updates require reporting Treasury Account Symbol (TAS) and Business Entity Reporting Code (BETC) information associated with CARS transactions. A training manual associated with implementation of the ASAP TAS/BETC requirements for Grants Online is located at:
http://www.corporateservices.noaa.gov/grantsonline/Documents/ASAP_FPO2015Feb.pdf. (Multiple Tickets)
3. When an application is downloaded from Grants.gov, Grants Online uses the Grants.gov Project Start and End dates to auto-populate the Funding Start Date and End Date. (GOL-141)

Use format MM/DD/YYYY for date fields.

4. When updating Special Award Conditions (SAC) for a multi-year Award File (with a high volume of amendments and SACs) the user should not expect an instantaneous response when attempting to load a SAC. (GOL-142)

5. Before the Final Report due date, the recipient and Grants Specialist can perform the following actions:

- Request an extension to closeout
- Submit closeout documents
- Conduct ASAP drawdown requests

After the Final Report due date, those actions are only available to GMD.

(Kayako: CRT-991-99861; GOL-146)

6. When the grantee is an individual, the message relative to the SSN reads “Organization type is Individual. SSN is not stored in the database.” (GOL-155)

11. The choices for Project Type on the Application Details screen have been expanded to include “Both.” Prior to the modification, there were two choices “Construction” and “Non-Construction.” (GOL-224)

The screenshot shows the EDA (U.S. Economic Development Administration) Application Details screen for application SF-424. The 'Project Type' dropdown menu is expanded, showing three options: 'Construction', 'Non-Construction', and 'Both'. The 'Both' option is highlighted with a red box. The screen also displays fields for Proposal Number, Principal Investigators, Project Directors, and Keyword(s).

12. When the user creates a new organization (on the Organization Profile Details Page) the System Award Management (SAM) mailing address is populated from the physical address when the user clicks the **Save** button if no other data has been entered. (GOL-217)
13. When the State Routing method is selected, and the user did not identify a group to which applications from that state should be routed, the Minimum Requirements Checklist task is routed to the Competition Manager. (GOL-218)

The screenshot shows the Application Details screen for application ID 2435985. The status is 'ReviewMinimumRequirementsChecklist - Not Started'. A red arrow points to the 'Minimum Req. Checklist' task, which is assigned to the 'Competition Manager' role. The workflow history table below shows the task was assigned on 12/03/2014 at 10:48:07 AM by 'Rucall Callender'.

Workflow Analysis

The Award File is in the Grants Specialist's inbox. The Amendment Start and End Dates must be set before the Award File can be forwarded to the Grants Officer.

5. When conducting a Financial Closeout, the system accurately assigns one of two categories to the Final Status: "Declined – Closed" or "Declined – De-obligated." The Final Status is clearly displayed in the closeout workflow. (Kayako: UEY-790-20146; GOL-177)
6. For **new** awards, clicking on the Grants File Id (on the Associated Documents section) displays a message indicating the file is not available for viewing until the Award package has been approved. (Kayako: GBN-815-91801; GOL-182)

7. If the Grants Officer rejects an award file, the amendment number is available for re-assignment. (Kayako: KNN-830-61506; GOL-186)
8. If the FPO requests an increase in funding that exceeds 5% of the Approved Federal Share, an error message displays. (Kayako: SIK-166-75756; GOL-190)

- Previously, in the production environment, NOAA applicants could receive a delinquent A-133 notification prior to being offered an award. This occurred if the award was signed by a Grants Officer but not accepted by the recipient. The A-133 notification will now be sent after recipient acceptance and not solely based on Grants Officer approval. (Kayko: KYT-821-73121; GOL-159)
- In the System Admin view – the organization values on the Manage Recipients screen is no longer case sensitive (see the alphabetized list below). (Kayko: FOC-326-26421; GOL-212)
