MASS TRANSIT EXPENSE WORK SHEET

NOTE: NOAA Application for Public Transit Fare Benefit, requires NOAA/NTIA/NIST participants to calculate their usual monthly mass transit commuting cost to the nearest dollar for their daily commute to work. This work sheet must be completed to receive subsidy benefits and will assist employees in computing their usual monthly mass transit commuting cost.

INSTRUCTIONS: Calculate your *Total Monthly Mass Transit Expenses* by the way you pay for commute. List your mode of mass transportation, and how much it cost you; *daily*, or if paid *weekly*; or if purchased in *monthly* passes. Then using the work sheet below, convert all costs to a total monthly amount. It is possible that an employee may have a combination of daily, weekly or monthly expenses in computing their total monthly mass transportation expenses.

REMEMBER: Parking fees are not allowed and cannot be included when computing monthly transit costs. If you are a person with a disability or senior citizen receiving reduced fare rates, you must calculate the reduced rates you pay.
